STOKES ON STAND RELATES SHOOTING

Millionaire Tells About Risking Life to Get Letters From Miss Graham.

TWO GIRLS WERE ARRAIGNED

Package of Eighteen Letters Written in By-Gone Years Revealed in Court—Girls Amused at His Story — The Features.

New York, July 6.—A package of 18 letters written in by-gone years to Miss Lillian Graham, the show girl, was handed up to the judge's bench this afternoon in the court room where Miss Graham and her chum, Ethel Conrad, were arraigned on a charge of attempting to murder W. E. Stokes, the millionaire hotel man. They had been found, said the detective, in whose keeping they had been, in the young woman's rooms, and constituted the prize to recover which Stokes declared he had risked his life.

Stokes, pale and worn, told his own story of the shooting. He had been summoned to the apartments, he said, by Miss Conrad, who told him that Miss Graham had left for Europe. He was angry, he said, when he saw he had been deceived and declined to sign an alleged statement setting forth that he had defamed Miss Graham and her relatives. He had also declined to pay $5,000 under threat of death, he added, and thereupon Miss Graham began to shoot. As he gave his evidence the young women laughed and chatted gaily.

Stokes said that he told the girls that blackmail was a prison offense and to that Miss Graham said:

"I'll say I'm crazy," while Miss Conrad declared, according to Stokes: "We'll say he came to our apartments and attacked us and we killed him in self-defense. We have three witnesses listening to all this who never would let him out alive."

When Stokes disarmed Miss Graham, after sustaining two wounds, Miss Conrad, he said, was in the parlor, and as some one began firing then, he assumed it was she.He was shot again in the calf of the leg. There were four more shots, but they all went wild, he said.

Stokes started for the hall then. There, he said, first the two girls and later three Japanese grabbled him and throttled him, while a short, stout man aided them. The police finally rescued him, and, he said, he handed a policeman the revolver he had taken from Miss Graham.

On cross-examination, opposing counsel attempted to have Stokes tell of his attentions to Miss Graham during the 4 years he had known her, but he proved an unwilling witness and the lawyer met with constant objections.

Stokes met Miss Graham at a dinner in Lexington, Ky., he said. He had taken her out automobiling, had written her while she was at Memphis, Chicago and other points, and had also entertained her at his Lexington farm. She had come from Memphis to Lexington, at his telegraphic request. She left "the next day," Stokes said.

The first cash present he had given her was $250 or $300—he did not remember which—on the occasion of one of her visits to Lexington, he declared.

The bundle of letters that drew Stokes to the girl's apartments was made public by the court. They all began with salutation, "My Dear Miss Graham," or "My Dear Miss Lillian," and most of them concluded with "Yours Sincerely," or "Yours Truly."

There was a brisk encounter between opposing counsel as to what Mr. Stokes, should be made to testify to regarding the visit he said Miss Graham made to his Lexington farm. Stokes admitted that it was a telegram from him to Miss Graham, that caused her to go to Lexington, but he declined to identify a particular telegram that Miss Graham's counsel produced. When he was asked as to the length of time he had invited Miss Graham to remain as his guest at Lexington there was objection by Stokes' counsel. The young woman's attorney insisted that the matter had an important bearing on the shooting.

"Assuming," said the attorney, "that he inveigled her to the farm and that she went believing that she would meet a large number of people there, and as soon as she found there was no one there she went away, would not that have a bearing on the motive?"

It was then that Mr. Stokes testified that Miss Graham had left his place at Lexington "the next day."

In the letters from Stokes to Miss Graham given out tonight, there were many bits of advice for the young woman. One sent to Miss Graham early in December, 1909, warned her that the stage held but "a heartless social life," and urged her instead to marry some rich young fellow whose companionship will be worth more than all the worthless admiration of a cheap stage." In another the writer said:

"I am a cross, crabbed and ugly old cove, and such a nice letter from such a pretty girl has turned my head. In

STANDS FOR 'RULE OF REASON'

Wickersham Discusses Supreme Court Trust Decisions Before Michigan Bar Association—As to the Sherman Law.

Battle Creek, Mich., July 6.—Attorney General Wickersham spoke before the Michigan State Bar Association here today and discussed the Supreme Court's recent interpretation of the Sherman anti-trust law in the Standard Oil and tobacco cases. He gave his unqualified endorsement to the court's application of the so-called "rule of reason."

"Those who have thoughtlessly yielded to the superficial conclusion resulting from the application by the Chief Justice of the rule of reason to the interpretation of the Sherman law," he said, "can find but little to justify the idea that the Sherman law has been made ineffective by those two decisions, for precisely the contrary is established by these two great judgments.

"The most cursory examination of the decree in the tobacco case—the most casual consideration of the drastic and far-reaching remedy imposed—makes it perfectly apparent that the Sherman law, perhaps for the first time, has been demonstrated to be an actual, effective weapon to the accomplishment of the purpose for which it was primarily enacted, namely, the destruction of the great combinations familiarly known as trusts.

"If this law," declared the Attorney General, "designed to protect the people of this country from the evils of monopoly and to preserve the liberty of the individual to trade freely, shall now be clearly understood; it its true purpose shall be recognized and its beneficent consequences realized, the 20 years of slowly developed interpretation and widening precedent will not have been without great value. For the law will henceforth be used to employ Governor Woodrow Wilson's language, in his work, 'The State' as a part of the running machinery of our political system, adapted to the needs of our social condition."

NO MORE ZERO WEATHER.

Heating Plants in New York Moderate the Climate.

Chicago, July 6.—That the heating plants incident to New York's great and varied manufacturing and other industries are in part responsible for the fact that that city had not had zero weather since 1904, was the statement made by President T. R. P. Bolton, of the American Society of Heating and Ventilating Engineers, which met here today.

"It has been found upon examination of the records that the occurrence of a temperature as low, or lower than zero has been of less frequency about New York for many years," said Mr. Bolton. "Since 1904 zero has not been reached. This seems to indicate quite plainly that artificial heat is present there to an extent which modifies the climate." Fuel used in New York and Jersey City, he said, annually reaches the equivalent of 18,950,000 tons of coal.

WORKS CHRISTIAN SCIENCE.

California Senator Says He Is Believer in That Faith.

Washington, D. C., July 6.—A remarkable defense of Christian Science and a personal history of his family's experience in that faith, including the story of his own transition from scoffer to devout believer, was made in the Senate today by Senator Works, of California.

His speech was in reply to one by Senator Owen, whose bill for a department of public health has met opposition from many Christian Scientists and supporters of various schools of medicine.

Mr. Works denounced the movement for a National Department of Health as an attempt by the American Medical Association to control medical activities. Mr. Works said Christian Science had rescued him from death and had saved his wife from suffering.

LIGHTNING'S FEARFUL TOLL.

Two Killed Near Harrisonburg, Va.—Heavy Property Damage.

Harrisonburg, Va., July 6.—Two men were killed, others were shocked and burned and thousands of dollars worth of damage was done to property and live stock today when an electrical storm of great violence swept Rockingham county. John Crider and Jacob Wilkins were struck by lightning while riding for shelter and they and their horses were instantly killed. Lightning set fire to the home of Henry Mattox, near Lacey, and it was burned to the ground, Mrs. Mattox and the children barely escaping with their lives. A bolt broke up a funeral procession in East Rockingham, stunning the undertaker and his assistant, who were riding on the hearse, and throwing the mourners into a panic. More than a score of cattle and horses were killed in the fields.

CORN JUMPS 5 3-8 CENTS.

Torrid Wave Causes Big Advance Since Saturday.

Kansas City, Mo., July 5.—Drought and heat today sent the price of corn on the local Board of Trade to 5 3-8 cents higher than Saturday's close. While traders struggled with each other to buy, the September option reached 67 3-8 cents, an advance of nine cents for the week.

Car lots of corn sold five to eight cents higher, while white corn brought as high as 71 cents a bushel.

Wheat was affected sympathetically and sold 2 5-8 cents higher.

Don't miss the races at Highwood Park this afternoon at 3 o'clock. **

ATTACK ON BILBO MAY PROVE FATAL

Mississippi Senator Beaten by Man Whom he Assailed in Speech.

BUTT OF PISTOL WAS WEAPON

Fearful Fight Occurred on Train—Reports as to Extent of Injuries Conflicting—Bilbo Refused to Retract.

Starkville, Miss., July 6.—State Senator Theodore Bilbo, candidate for lieutenant governor of Mississippi, was attacked and severely beaten here today by J. J. Henry, claim agent of the Mobile, Chicago & New Orleans railroad, and former penitentiary warden, the encounter coming as a direct sequel to a campaign speech delivered by Senator Bilbo, at Blue Mountain, Miss., recently, in which Bilbo is credited with having viciously assaulted Mr. Henry, impeaching his character.

The affray occurred aboard a railroad train in which Mr. Bilbo was proceeding from Columbus to Sturges, Miss., where he was to have spoken this afternoon.

Henry, it is stated, as he approached Bilbo, who was seated in the smoking car, demanded that the utterances in question be retracted and an apology made. The apology and retraction not forthcoming, the encounter followed, Henry striking the State Senator repeatedly about the head and body with the butt of a pistol. Henry surrendered to the sheriff here, and was released on his own recognizance. Other than a few cuts and bruises about his face and hands, he was not hurt in the struggle.

Bilbo continued his journey to Sturges, where he was given surgical attention. A special train was made up at Sturges to convey him to Jackson. Reports as to the extent of Bilbo's injuries are conflicting. A physician who attended the injured man at Ackerman is quoted as saying his skull is fractured.

Mr. Henry was a witness before the Legislature investigation subsequent to the charges of Senator Bilbo that he had been paid a sum of money to forsake former Governor Jas. K. Vardaman in the Senatorial caucus of last year, which elected United States Senator LeRoy Percy as the successor to the late Senator A. J. McLaurin.

Following the legislative inquiry a court trial was had of a Percy supporter in the Senatorial campaign and he was acquitted of the charges of bribery preferred by Bilbo. During the present political campaign charges and counter charges between several of the candidates have followed fast, and partisan feeling has reached a high tension.

Eye-Witness Talks.

Ackerman, Miss., July 6.—Ross A. Collins, candidate for attorney general, who was accompanying State Senator Bilbo to Sturges today at the time of his encounter with J. J. Henry, has given out the following statement.

"When the train reached Starkville, I was looking out of the window at about a half dozen people on the station platform when I heard a loud, dull lick. I heard a man groan and saw Senator Bilbo fall at the blow from a pistol. Immediately, a man covered the crowd in the smoking car with a pistol, and I understand that another person stood guard with him. Everybody was made to vacate the car and the two men prevented anyone entering while J. J. Henry administered repeated blows upon Senator Bilbo's head and body with the butt of a pistol. Some people on the outside of the car, thinking Bilbo dead, begged Mr. Henry to stop, which he did after having inflicted probably 20 or 25 blows."

ATTACK ON HILLES.

Norris Says Taft's Secretary is At Head of Political Bureau.

Washington, July 6.—In a letter addressed to the Nebraska Progressive League, Representative Norris, of Nebraska, charged that Chas. D. Hilles, secretary to the President, is acting as head of a "political news bureau" which he declares suppresses truth and issues ungraunded and false reports relating to the progressive movement and presidential candidates.

Mr. Norris declares that the progressives have been wronged by a "conspiracy of great newspapers," which he declares causes to be circulated articles which bear evidences of having originated in the White House. Mr. Norris says, however, that he does not believe that the President had any knowledge of the articles. In conclusion the letter expresses the belief that the President's private secretary is "making a determined effort to suppress any sentiment in favor the candidacy of Senator LaFollette by the suppression of truth and the publication of ungrounded and false reports."

The letter was in answer to telegrams from the Nebraska progressives declaring their repudiation of Frank A. Shotwell, who they said, representing himself as an agent of the league, had given out several statements favoring the renomination of President Taft.

BOARD TO INSPECT THE MAINE

Experts in Explosives Selected by the Navy Department—Cause of Explosion of Ship Unknown Says Bixby.

Washington, D. C., July 6.—A board of naval officers, experts in explosives, is being selected by the Navy Department to study the hull of the battleship Maine, in Havana harbor, as the water is pumped from the cofferdam now surrounding the wreck. Because of the necessarily slow progress of the work, weeks probably will elapse before the experts will be able to inspect the keel of the former warship, but the board will proceed to Havana as soon as its personnel is made known and will remain with the work until it is finished.

The Navy Department officers are convinced that the examination will prove the correctness of the Sampson board, which decided the destructive explosion which sank the Maine was caused by a torpedo or mine, and that the explosion of the ship's magazines followed.

In view of the renewed interest attaching to the actual cause of the destruction of the Maine, resulting from the uncovering of the wreck by the army engineers, Gen. W. H. Bixby, chief of engineers, who has just returned from Havana today issued the following signed statement:

"The work of underwatering the Maine so far proves nothing as to the origin of the explosion of the magazines, but already shows such extensive destruction of the forward part of the boat that it is quite probable that fuller underwatering will fail to give any proofs either way, as to the origin of such explosions. I have so far made no reports or statements as to the origin of the explosion."

Internal Explosion the Cause.

Philadelphia, July 6.—Rear Admiral Geo. W. Melville, retired, U. S. N., declared today that it is his belief that the battleship Maine was blown up by one of her own magazines.

"I have always maintained that the Maine was destroyed from within and not from without," declared Admiral Melville. "I have said that the examination of the ship in Havana harbor would prove that the explosion occurred within her. One of her powder magazines was situated between two coal bunker heads and one of the shell rooms also was nearby. The coal, taking fire, probably heated the shells in the shell room and caused the explosion of one of the magazines.

"Naval and engineering experts in this country and Europe, have been inclined to believe that the Maine was not destroyed by external means. In a letter which I wrote on January 29th, 1902, to Thomas B. Reed, then Speaker of the House of Representatives at Washington, I contended that the Maine was destroyed by an internal explosion."

CAPT. J. M. GILSON DISMISSED.

Ousted from Marine Corps After Court Martial Verdict.

Washington, July 5.—Capt. John M. Gilson, United States Marine Corps, was ordered to be dismissed from the service today by Acting Secretary of the Navy Winthrop. Captain Gilson was recently convicted on numerous charges, involving "conduct unbecoming an officer and a gentleman." Financial irregularities also were brought into the case.

Captain Gilson was stationed at Camp Elliott, Isthmus Canal Zone, and the trial was held there.

Captain Gilson was a varied career in the Marine Corps. He was first appointed to the service as a second lieutenant in 1899. A few years later, after being promoted to twenty-fifth place on the list of captains, he dies of the service and resigned. A few years later he obtained the passage of a law by Congress restoring him. He was re-commissioned March 4th, 1909, and has been promoted seven numbers since that time.

Gilson is a native of Vermont, from which State he was appointed to the service the second time.

OUTLINES.

State Senator Bilbo, of Mississippi, who was a conspicuous figure in the bribery investigation in that State, was yesterday attacked and severely injured by the claim agent of the Mobile, Chicago and New Orleans railroad, whom he had assailed in a speech——The defense in the McNamara dynamite conspiracy case sprung a surprise yesterday by challenging the jurisdiction of the court. They refuse to plead to nineteen charges of murder in connection with the destruction of the Llewellyn Iron Works——A more general sentiment for expeditious action on measures before the Senate was apparent yesterday after informal conferences among various groups of senators——The board of examiners to inspect the hull of the battleship Maine as she is raised in Havana harbor have been selected——The country has at last been freed from the heat wave, according to reports from the various sections at Washington.

New York markets: Money on call steady 2 1-4 to 2 1-2 per cent., ruling rate and closing bid 2 1-4, offered at 2 3-8. Spot cotton closed quiet, unchanged, middling uplands 14.85; middling gulf 15.10. SPRUNG SURPRISE IN DYNAMITE CASE

McNamaras Challenged the Jurisdiction of the Court at Los Angeles.

MURDER CHARGES THE CAUSE

Refused to Plead to Charge That They Had Conspired to Destroy Iron Works—Prosecution Plainly Surprised.

Los Angeles, Cal., July 6.—The defense in the McNamara alleged dynamite conspiracy case sprung a surprise today when John J. McNamara, the accused Indiana labor leader, and his brother, Jas. B. McNamara, were called into Judge Bordwell's department of the Superior Court. Both men were summoned to plead to 19 charges of murder, the result of the destruction of the Times newspaper plant on October 1st, 1910. In addition, John J. McNamara was expected to plead to the charge that he had conspired to destroy the Llewellyn Iron Works. Instead he challenged the jurisdiction of the court, claiming that it had no right to exact a plea or to try him on any of the 19 charges of murder or the Llewellyn Iron Works indictment because he was extradicted from Indianapolis, not for murder, but for alleged dynamiting.

This move plainly surprised the prosecution. A motion for the quashing of the indictments was made only in the case of James B. McNamara, who entered no plea whatever, holding that the indictments against him should not stand because the grand jury was biased. He also charged that Earl Rogers, who acted as a special district attorney to aid the inquisitions during the investigation had previously been active on behalf of the Times and Merchants & Manufacturers' Association during the search for evidence.

The prosecution met the move of the defense with a motion to disallow the plea to jurisdiction.

To the 19 charges of murder against J. B. McNamara as many motions to quash were filed on 35 grounds. The motions alleged that Rogers was permitted to dispute, abuse and intimidate witnesses and to express his own opinion; that the names of F. J. Zeehandelaar, secretary of the Merchants' & Manufacturers' Association, and Reese Llewellyn, of the Llewellyn Iron Works, and other witnesses called were not included in the purported copy of the grand jury proceedings and that the contents of exhibits were not specified.

SAMUEL W. FLYNN A SUICIDE.

His Wife, Former Baltimorean, Finds Body and Pistol on Bed.

Washington, July 5.—Lying dead across his bed, with a revolver with which he had killed himself clasped in his hand, Samuel W. Flynn, of this city, was found by his wife early this morning. Mrs. Flynn had gone to awaken her husband at 8 o'clock. Entering his room she discovered that he had taken his own life, carrying out threats she declared he had made upon several occasions. Business reverses are thought to have been the motive.

Mr. Flynn for years had conducted Flynn's Business College, at Eighth and K streets, northwest. Mrs. Flynn was formerly Miss Emily Farmer, of Baltimore. Before her marriage she was well-known in Baltimore educational circles and when she came to Washington secured a position as a public school teacher. In 1879, while Mrs. Flynn was teaching at the Franklin School, she met and married Flynn. Shortly afterward they started Flynn's Business College.

Mrs. Flynn said her husband threatened time and again to kill himself. At one time, she says, she was about to have the police take away a revolver. She also says she disarmed him of two revolvers herself.

Mr. Flynn leaves in addition to his wife three sisters and one brother. He was a native of Washington and was 57 years old.

Coroner Nevitt issued a certificate of suicide.

ARRESTS FOR TRAIN HOLD-UP.

Eight Held at Erie, Pa.—Work of the Railroad Detectives.

Erie, Pa., July 6. — Pennsylvania Railroad detectives arrested eight men tonight on suspicion of having been implicated in the hold-up of train No. 41, on the Philadelphia & Erie branch last Friday night. The men were rounded-up at Green Garden road, just west of the city and gave the names of Jos. Moran, Chas. Fried, Mat Cummings, Henry Fried, Frank King, Frank Ryan, Jas. Martin and Thomas Harrington. Several of the men answer descriptions given of the men who held up the train and they are being held pending investigation.

Norfolk, Va., July 6.—Judge Bain, of Portsmouth, today entered an order authorizing the receiver of the failed People's Bank to accept the compromise by the directors of the defunct institution in settlement of all claims against them. The amount settled upon is $57,800, and all the directors agreed to the comprimise with the exception of the administrator of the Eastwood estate.

TELL TAFT THEIR TROUBLES

Alabama Office Seekers Invaded White House With Story of Woe—Hilles-Hitchcock Clash Very Unlikely.

Washington, July 6.—Most of the prominent Federal office holders of the State of Alabama invaded the White House today and laid before President Taft such a tale of Republican factional woe that politicians in the capital promptly expected to see the beginning of a lively row between Postmaster General Frank H. Hitchcock and C. D. Hilles, the President's secretary, the two leading political advisors of the administration.

According to the Alabamians Mr. Hitchcock is behind the candidacy of P. M. Long, for Republican State chairman. Long has the backing also of P. D. Barker, Republican National committeeman and postmaster at Mobile, an acknowledged friend of the Postmaster General. Mr. Hilles is said to be supporting the candidacy of J. O. Thompson, collector of internal revenue for Alabama, and for many years Republican State chairman.

President Taft told the delegation that he expected to settle the question tomorrow. It is understood that for purposes of distributing patronage the State will be divided into two sections one to be controlled by each faction.

Both Mr. Hitchcock and Mr. Hilles today denied that there had been any trouble between them over the Alabama situation. Mr. Hitchcock reiterated the statement that he is out of politics for good and Mr. Hilles declared he had had no row with any one about appointments in that State.

Politicians here are interested, however, as to how the State chairmanship will be settled. The President may take no hand in the fight over the chairmanship, but it is acknowledged that Republicans in the State are entitled to know "who is who" in Washington when it comes to conducting the next Presidential campaign. Mr. Hilles has taken a strong interest in political affairs ever since he assumed office last April and today's developments were not unexpected. An open clash between the cabinet member and the President's secretary is not regarded as imminent.

LIVELY SCENE AT HEARING.

Prof. Elliott and Commissioner Bowers at Outs Over Seals.

Washington, D. C., July 6.—A scene suggesting some that have occurred in the Camorrist's trial in Italy today, enlivened the proceedings of the House Committee on Expenditures in the Department of Commerce and Labor investigating the charge that the once great seal herd of the Pribilof Islands is being wantonly slaughtered by agents of the United States Government.

Prof. Henry W. Elliott, fur seal expert, and United States Fish Commissioner Bowers, who have been in controversy about the seals, confronted each other before the committee, shook their fists and exchanged a series of lively epithets.

Prof. Elliott concluding the reading of a statement declared that United States Fish Commissioner Bowers, had "perjured himself before this committee."

"You are a self-confesser perjurer yourself," retorted Commissioner Bowers, adding that he could prove the charge.

"That is a rubbishing, rotten charge that no man ever dared put his name to," Prof Elliott responded, "shaking his fist in the direction of Mr. Bowers. I'll get you on the witness stand for that statement."

"Yes, and I'll prove the charge, too, when you do,'" Mr. Bowers replied vehemently.

Presiding Representative Rothermel, of Pennsylvania, a Quaker, suspended the sitting.

431 U. S. CADETS VISIT BERLIN.

Kaiser Sails On Hohenzollern for Visit to Norway.

Kiel, Germany, July 5.—Accompanied by 15 officers, 431 cadets of the American training squadron which anchored here last week left here today on a special train for Berlin, where they expect to remain for several days in a sight-seeing tour of the German capital.

Emperor William, who has been at Kiel for several days, left for Norway today on board the Imperial yacht Hhenzollern. The yacht was convoyed by the German cruiser Kolberg and the Norwegian dispatch boat Sleipner.

The Imperial fleet sailed at an early hour, avoiding the salutes usually given to the Emeperor.

On board the Hohenzollern the usual large party of officials accompanied only by civilians. Among them were Prof. Paul Guessfeldt, the Alpine explorer, and the marine painter Bohrdt.

REDUCING MANEUVER DIVISION.

Gradual Withdrawal of Troops Along the Border.

Washington, July 6.—The programme for reducing the Maneuver Division at San Antonio, Texas, contemplates the gradual withdrawal of the 11th, 15th and 18th regiments of infantry. The 13th infantry, ninth cavalry and fourth field artillery already have been ordered away. A battalion of the third field artillery will shortly return to Ft. Myer, Va. All of the withdrawn troops will go back to their home stations.

It also has been decided to diminish the auxiliary troops at San Antonio, by returning companies A and D, of the signal corps to Forts Leavenworth, Kansas, and Omaha, Neb., and battalions I, K and M of the engineers to Ft. Leavenworth.

SENATORS ANXIOUS TO ACT ON BILLS

Six Hours of Continuous Debate Yesterday Despite of Hot Weather.

HELD INFORMAL DISCUSSIONS

Senator Gonna, of North Dakota, Speaking in Opposition to Agreement Clashed Frequently With the Democrats.

Washington, July 6.—A more general sentiment for expeditious action on the Canadian reciprocity, wool revision and free list bills was apparent today after informal conferences among the various groups of senators and six hours of continuous debate in the super-heated chamber of the Senate.

It was the first of the long sessions under the decision of the Senate to meet one hour earlier than usual in order to hasten action on the legislative programme. Senator Gronna, of North Dakota, an insurgent Republican, after a long speech in opposition to the agreement during which he clashed frequently with advocates of the measure was forced to give up almost exhausted at 5 o'clock this afternoon and the Senate immediately afterward adjourned.

The informal discussions among senators indicated that the present feeling doubtless influenced to some extent by the existing hot wave, is that debate may be brought to an end within ten days or a fortnight and that when the reciprocity bill is passed the Democrats will be willing to vote on the wool and free list bills without extended debate and adjourn almost immediately. The insurgent Republicans are still holding out, however, for other legislation.

Senator Gronna, who is a new member of the Senate, had a cross-fire of questions from Democrats during his speech, which was the only set reciprocity effort of the day.

Senator Reed, of Missouri, a Democrat, asked Mr. Gronna whether he believed the President would sign the reciprocity bill if the House and Senate passed it with certain tariff revision amendments attached to it?

"Why don't you address your queries to the President under whose banner you are operating," demanded Senator Nelson, of Minnesota, with some heat.You know that this agreement passed the House by a majority of Democrats and that if it passes here it will be by the strength. Don't ask us, who are fighting the measure what the President will do."

Senator Gronna, who will continue tomorrow opposing the reciprocity measure on the ground that it was unfair to the farmers of the country, a sacrifice of their interests to the manufacturing and the transportation of industries and a usurpation of executive authority.

AFTER LEHIGH VALLEY ROAD.

Action of Government to Separate Mine From Transportation Business

Washington, July 6.—The Lehigh Valley Railroad was made the defendant in a bill of complaint filed today at Philadelphia, having for its object the separation of coal mining from the railroad transportation business under the commodities clause prohibiting railroad companies from transportaing commodities in which they are interested. The bill was filed by Edwin P. Grosvenor, special assistant to the attorney general, and is regarded as a test case. The government is determined to break up this connection between railroads and coal mines.

The principal complaint of the government is that the Lehigh Valley Coal Co., Coxe Bros., (Inc.), the New York & Middlefield Railroad & Coal Co., and the Locust Mountain Coal & Iron Co., are not bona fide coal companies, but merely adjuncts to the Lehigh Valley Railroad and are "devices for evading the commodities clause," of the interstate commerce law.

To support its claim that the Lehigh Valley Coal Co., is merely the "dummy" through which the railroad engaged in mining, transporting and selling coal in violation of the commodities clause the government cites that the officers of the railroad and the coal company are the same and that certain members of the directorate and the executive committee of the railroad are members of the directorate and executive committee of the coal company.

HELD AS COUNTERFEITER.

Man Caught in Charleston, W. Va., Accused of Making Bogus Coins.

Charleston, W. Va., July 5.—Charged with counterfeiting, Peter Alderman was arrested today by Detectives Heard, Smith and Robert Bell, charged with making 25 and 50 cent pieces and $5 and $10 gold pieces. The money was circulated mainly through local gambling houses. The models from which the money was made were captured some time ago.

Alderman was taken before United States Commissioner Joseph Ruffner, in this city, and held under $1,000 bond. Other persons are said to have been interested with the prisoner in making and passing the counterfeit money.

Big free for all races at Highwood Park this afternoon. **

New York, July 6.—The Chicago Cubs won the first game of the series from the Giants today by hitting Wiltse hard. Richie was rather wild at the start, but settled down and pitched invincible ball. Richie retired at the end of the seventh and Brown took his place. He was hit hard in the ninth when three singles gave New York their second run. Zimmerman hit into the left field bleachers for a home run in the sixth, doubled with the bases full in the seventh, and singled in the ninth.

New York .....001 000 001—2 8 3

Richie, Brown and Archer; Wiltse, Crandall and Myers; time 2:03; umpires Brennan and Klem.

Boston, July 6.—Cincinnati defeated Boston 12 to 11 in a 12-inning game today. There was much ragged fielding and poor pitching. Flaherty, whose home run in the ninth inning sent Kling around ahead of him, misjudged Severoid's fly in the 12th inning and two men crossed the plate. Boston scored one run in their half, but a double play with the bases full followed by an out at first base prevented the local team from at least tying the score again.

Cincinnati ..000 280 000 002—12 18 5
Boston .....032 002 102 001—11 16 5

Cleveland	35	40	.467
Washington	26	46	.361
St. Louis	19	51	.271

Chicago, July 6.—Chicago could do nothing against Pitcher Nelson and St. Louis won today's game 8 to 1. The visitors bunched hits off Baker and Olmsted and with the assistance of bases on balls and errors had little trouble in piling up their score. Chicago's lone run was the result of two errors and a single.

Chicago ....000 000 001—1 3 4
St. Louis .... ..000 001 502—8 9 2

Baker, Olmsted, Scott and Sullivan; Payne, Nelson and Stephens. Time 1:55. Umpire Mullin.

Cleveland, July 6.—Cleveland scored its first victory over Philadelphia this afternoon winning 4 to 0. It was Gregg's 14th victory and the first time he had pitched against the Athletics. Cleveland bunched hits off Morgan, and Philadelphia's two errors allowing a run. It was the first time this season the Athletics have been shut out.

Cleveland .... ..002 110 00x—4 12 1
Philadelphia ...000 000 000—0 4 2

Gregg and Fisher; Morgan, Long and Thomas. Time 1:50. Umpire Evans.

LIGHTNING DESTROYS HOME.

Historic Cornell Homestead Burned at Kingston, N. Y.

Kingston, N. Y., July 6.—Lightning last night struck the historic Cornell homestead at Rosendale, and the interior of the building was destroyed by fire. The house, which was built prior to the year 1700, by Jacob Rutsen, was a stopping place for George Washington, on his way from Kingston to West Point to meet Jacobus Rutsen Hardenbergh, president of Queens College, afterward Rutgers' College, who had been forced to leave New Jersey because of British activity. The homestead had been in possession of the Cornell family for more than a century.

KILLED OVER LAND DISPUTE.

Farmer at Fayetteville, Ga., Kills Another and Admits Deed.

Fayetteville, Ga., July 6.—Jno. W. Gay, a farmer, was shot and instantly killed on the public road near here today, and Henry Gargile, a neighbor, is under arrest in connection with the affair. The latter, it is stated, admitted doing the shooting, but claims self-defense. The two men recently had a dispute over a land line which is believed to have led to the shooting.

Detroit, July 5.—Crazed by the intense heat, a member of the steamer City of Cleveland's crew, known as "Red" Dickson, of Bowling Green, Ky., jumped overboard and was drowned in the river today.

NEW TRAIN ON SEABOARD.

Will be Operated Between Raleigh and Hamlet—Begins July 30th.

(Special Star Telegram.)

Raleigh, N. C., July 6.—Agreement was reached between the Corporation Commission and Supt. Hix, of the Seaboard Air Line, today, whereby the Seaboard put on a new shoo-fly train between Raleigh and Hamlet, leaving Raleigh about 7 o'clock A. M. and returning in the evening possibly in time to connect with Raleigh & Weldon shoo-fly, which leaves Raleigh at 6 P. M.

The train goes on July 30th, and will be operated to January 1st, as an experiment to determine whether it will be self-sustaining. Supt. Hix fears it will not. The Commission has been working for this train several months on the strength of petitions from citizens of Pittsboro and other points south of Raleigh.

CITY LEAGUE GAMES

A. C. L. and W. L. I. Teams to Play Tomorrow Afternoon.

Tomorrow afternoon at League Park the A. C. L. and W. L. I. teams of the City Baseball League, will contest for honors for the third time this season. Honors are now even, each having won a game. These teams always draw large crowds and tomorrow is expected to be a record-breaker for the season. The A. C. L. team has put on new men and has greatly strengthened its old line-up. It is expectedthat games tomorrow afternoon will attract several hundred enthusiastic fans.

CHADBOURN VICTORIOUS.

Result of Fast Game Played on Local Diamond Yesterday.

(Special Star Correspondence.)

Chadbourn, N. C., July 6.—Chadbourn defeated Fair Bluff in one of the best played games of the season by the score of 8 to 6 on the local diamond yesterday afternoon. For Fair Bluff, the fielding of Tucker and Turner featured, while for the Chadbourn boys the battery work of Devane and Tate and the pill-slugging of the whole team featured.

Batteries: Fair Bluff, Rogers, F., Rogers, C., and Rogers, E.; Chadbourn, Devane and Tate.

PROBE THE FOSTER CASE.

House Committee Starts Investigation as to Money Paid.

Washington, D. C., July 6.—Investigation of the manner in which former Secretary of State John W. Foster obtained the payment by the Chinese government of $388,000 to the heirs of the late Henri G. Ward, who had rendered military services to China about 40 years previously, was begun today by the House Committee on Expenditures in the State Department. Disbursing Officer Thomas Morrison, of the department, appeared under subpoena, with the vouchers in the case, and the committee contented itself with questioning him. No fresh light on the case was obtained.

Considerable interest was aroused by the report that Secretary of State Knox had issued instructions that subpoenas calling for vouchers of the secret fund of the department must be ignored. The secretary is said to have based his action on the law leaving solely with the Secretary of State the disbursement of the fund. The committee took no cognizance of the matter today.

BREAK JAIL TO HIRE LAWYER.

Prisoners Return to Their Cells and Later are Given Freedom Legally

Wilkes-Barre, Pa., July 5.—Breaking out of jail at Warrior Run, near here, at 2 o'clock this morning, in order to engage a lawyer to defend them at their trial today, Joseph Widemsky and John Prolesky returned, and were later freed legally.

The prisoners pried open the bars on their cell door, and, squeezing through them, broke open the outer door of the jail. Then they walked 2 miles to Sugar Notch, aroused Attorney M. F. McDonald, engaged him to appear for them at the hearing this morning. Afterward they calmly walked back to the jail, and squeezed into their cells.

They, with two other men and three women, were arrested last night, charged with disorderly conduct. Attorney McDonald succeeded in having them released.

DIES TRYING TO SAVE CASH.

A. T. Willey Drowned in Effort to Get Garment Lost Overboard.

Salisbury, Md., July 6.—Albert T. Willey was drowned in Quantico Creek yesterday. His boat had grounded and he removed his clothes, jumped into the water, and pushed the craft away. Just as he clambered back into the boat, his trousers, containing a considerable sum of money, fell overboard and he leaped after the garment. An undertow caught him and he was dragged down and drowned.

Mr. Willey was 28 years old, and he is survived by a widow and two children. His body was recovered.

Pittsburg, Pa., July 5. — ourteen deaths and sixteen prostrations due to the heat were reported before midnight.

BIG RACE MEET OPENS TODAY

Fastest Racing Ever Seen in This Section Will be Witnessed at Highwood Park This Afternoon. The Programme.

This afternoon at 3 o'clock on the track of the Wilmington Driving Association at Highwood Park, the first official racing meet in six or seven years will be held in this city, with some of the fastest and bluest-blooded horses of North and South Carolina contesting for honors, and on the splendid new sand-clay track it is expected that some State records will be smashed.

Nineteen horses are entered in the three races for this afternoon, and among these are trotting animals from Rose Hill, N. C.; Dillon, S. C.; Raleigh, Whitmire, S. C.; Lake Waccamaw, Marion, S. C.; Timmonsville, S. C., and several local horses. The three races are two in three-mile heats, with purses aggregating $550.

The first event is the 3-minute class. Four horses are entered, two from Wilmington, one from Rose Hill and one from Dillon, S. C. The purse is $100.

The second race is for the 2:25 class. Eight horses are entered, one from Mullins, S. C.; two from Dillon, S. C.; one from Raleigh; one from Whitmire; one from Lake Waccamaw; one from Wathia, N. C., and one from Wilmington. The purse is $100.

The third event is the feature of the day. This is the free-for-all race and among the seven horses entered are some of the fastest in the two Carolinas. A number of them are in the 2:10 class, and one of them holds a record of 2:06. There are two from Marion; two from Dillon; and the other three are from Raleigh, Wilmington and Timmonsville. The purse in this event is $300.

Those familiar with the horses that are entered and the track upon which the race will be run expect to see some records established in this event.

Many turfmen from the surrounding towns and cities in this State and a number from South Carolina arrived yesterday and are registered at the local hotels. A number of them brought their families along.

The races will begin promptly at 3 o'clock and it is expected that there will be a gratifying attendance at the park. The railroads have granted reduced round-trip rates of one fare plus 50 cents for the occasion and it is expected that many turfmen and sport lovers from the surrounding section will take advantage of this rate and arrive today. A large delegation is expected from Wrightsville Beach also. Many of the guests at the different hotels and cottages will doubtless come in for the event. Arrangements have been made to have the beach cars stop at the park going and coming. From the city a ten-minute schedule will be run, with a round trip fare of ten cents. The admission will be 50 cents and will admit the holder to the grandstand. Tickets are on sale at Baxter's cigar store and Struthers' cigar store. There is no extra charge for automobiles and vehicles.

If the attendance at the different races and matinees that are to be given comes up to the expectations of the Driving Association it is very likely that a county fair will be arranged for New Hanover county. A feature like this would be of great value to Wilmington and the surrounding section and with the back country that the city has it should prove a splendid success. It is hoped that the attendance will be such as to justify a movement for a county fair.

The following is the programme, with the horses and owners for the events today: First race, two in three, mile heats; purse $100; class, three minutes.

Jack Grey Bird, G. D. Powers, Rose Hill, N. C.; Bessie W., J. H. Wiggins, Dillson, S. C.; King Highwood, Dr. Caldwell, Wilmington; Norval Girl, M. C. Godwin, Wilmington.

Second race, two in three, mile heats; purse $150; class, 2:25.

Rob Roy, M. L. Stackhouse, Mullins, S. C.; Charlie M. Lon Edwards, Dillon, S. C.; Bliss, J. H. Reaves, Dillon, S. C.; Virginia Boy, J. H. Abbott, Raleigh; Posman, C. H. Hatchel, Whitmire, S. C.; Grace D., Mr. Bardin, Lake Waccamaw; Richard Prince, H. S. Parsons, Watha, N. C.; Wilton Boy, C. H. Daniels, Wilmington.

Third race; two in three, mile heats; purse $300; free for all.

Sandy Hal, Dr. Stackhouse, Marion, S. C.; Dan P., Burnie Smith, Marion, S. C.; Marguerite, Lon Edwards, Dillon, S. C.; Byrl Wilkes, J. H. Knox, Raleigh, N. C.; Miss Jarvis, Wm. Baxter, Wilmington; Hazel H.; J. H. Huggins, Timmonsville, S. C.; Montigue, J. H. Wiggins, Dillon, S. C.

AMENDMENT BY SIMMONS.

Wants Free Flour and Meat From Canada.

(Special Star Telegram.)

Washington, D. C., July 6.—Senator Simmons today introduced an amendment to President Taft's Canadian agreement, providing for free flour and meat from Canada. The senior senator gave notice that he would speak on his amendment to the bill on Monday next. Mr. Simmons has always contended that if wheat and cattle are to be admitted free, flour and meal should receive a like consideration as the consumer can eat flour and meat but on which a tax is placed.

H. E. C. B.

Richmond, Va., July 5.—The capture of an illicit distillery after a ride of 30 miles was reported at the local internal revenue office today by Deputy Collector D. C. Holland, from Dunn, N. C. The distillery was fully equipped for the manufacture of beer and whiskey and was within a quarter of a mile of the main road, four miles south of Four Oaks. The moonshiners had been warned of the approach of the officers, and made their escape. The still was taken complete except for the worm, which had been hidden and could not be found. One hundred and fifty gallons of beer were found and destroyed.

FINDS SON DEAD IN CREEK.

Hanson Hamilton Discovers Lad, Drowned While Seeking Fish Bait.

Cumberland, Md., July 5.—Lee Hamilton, aged 10, son of Hanson Hamilton, was drowned in Evitt's Creek just east of Cumberland this afternoon. With his party, which included his father, he had gone on a day's fishing trip to the big pool just above the Williams road bridge.

The boy departed in search of baft, and the father knew nothing of the accident until he saw the lad's body lying in the creek.

AFTER EXPRESS COMPANIES.

Resolution in House Seeking a Wide Report.

Washington, July 5.—A resolution calling for a report from the Interstate Commerce Commission by January 1st, next, on nearly every phase of the express business, including a comparison of rates with railroad rates, physical valuation, operating methods, duplication of directors in express and railroad companies, etc., was introduced today by Representative Burleson, of Texas. Mr. Burleson denounced the recent rate reduction by the express companies as a bluff to head off legislation and not intended to have any permanency.

London, July 5...The House of Lords tonight by a vote of 253 to 46, passed Lord Landsdownes amendment to exclude home rule from the operation of the veto bill. War Secretary Haldane again made it clear that the government would refuse to accept the amendment.

MEANDERS OF RURAL MAILMEN

Their Routes Entrusted to Assistants, Servants of Uncle Sam Take In "The Land of The Sky —Much Enjoyed.

(Special Star Correspondence.)

Enroute to Asheville, N. C., July 5.—The delegates and visitors from the North Carolina Rural Letter Carriers' Association are now whirling through Piedmont North Carolina, among the Red Hills. Have just crossed the muddy Catawba, a stream that does not appear to be good even for cat fish. But nature has developed immense water power that turns the wheels of commerce and lights the homes of thousands, thus conferring comforts on mankind that the sluggish eastern rivers do not.

On these same red hills we find shocks of small grain that denote thorough tillage, fine fields of growing corn that seem to need rain. How the farmer wrests such crop from these red clay hill slopes causes amazement to an eastern man who knows nothing but level plains.

As we look from the window of our sleeper in Rowan county my eyes are regaled with views of the hills appearing like young mountains, with squads of laborers with road machinery paving the way for good roads, and I am reminded of the apparently insurmountable obstacles that man is here rapidly overcoming. The county is strung with a net work of telephone wires, that necessary hand-maiden of exchange of rapid thought.

The timber resources seem to be pretty well exhausted, an occasional veneer factory is seen. So far as the growth of fruit is concerned there are no visible results. I have seen more pears, peaches and plums ripe on one small lot in Rocky Point than in all my travels. There is not to be seen even a plum or cherry of native production.

We are now passing through Catawba county among the original Dutch settlers, and see fine droves of Holstein and Jersey cattle browsing on the meadows that have been shorn of their hay, with a tender aftermath that makes golden butter and leathery cream. Fields of small growing cotton show at intervals while looming up in the distance can be seen factories for converting the "King of Commerce" into cloth, and knitting mills for hosiery. We seem to have left the tobacco belt behind us but on every hand can be seen the plowman with his double team turning under the oat and wheat stubble preparatory to seeding a hay crop from the no longer humble, but $2.00 a bushel field peas. At only one point have I seen the old style split rail fence such as can be seen in Duplin and Sampson counties where the razor-back hog is fast decimating the growing long leaf pine that once made the box fence rail.

We are now nearing the foot hills of the mountains. The exhaust of the powerful engine used by the Southern sounds painful but we are making good time. The beautiful Blue Ridge now unfolds itself gradually to our gaze—we are nearing the "land of the sky," where the chesnut, mountain ivy, laurel or rhodendron and other trees rare to eastern soil thrive and grow luxuriantly.

We have just arrived at Marion, McDowell county, a town once famous as a booze manufacturing center. It's business now is the manufacture of furniture. The soil is very red here and to think of plowing it up makes one's legs tired and brings on a "hookworm feeling."

Travel here is remarkably free from dust, the Southern being ballasted with crushed rock. I am indebted to Editor J. P. Cook, of the "Uplift," for objects of interest pointed out. Here we get off at Old Fort, McDowell county, a typical mountain village. At the "Sandlin House," kept by Miss Crawford, with all manner of good grub—North Carolina ham, spring chicken, all kinds of vegetables, buttermilk, fresh from the spring house, as a part of the menu with cold mountain spring water to wash it down. The chief commercial exports of Old Fort consist of pulp wood and tan bark in car load lots, apples, Irish potatoes, cabbage, oak and poplar lumber. The Union Tannery Company turns out 400 finished hides a day and grinds 100 cords of extract wood for acids. They employ about 300 men with a payroll of $2,000. E. D. P.

STRIKE AT JACKSONVILLE.

Employes of Large Lumber Mill Want Ten Hour Day.

(Special Star Correspondence.)

Jacksonville, N. C., July 6.—Yesterday evening the colored employes of the Jacksonville Lumber Co., one of the largest lumber manufacturing plants in Eastern Carolina, struck for a 10-hour schedule of work, and up to midday today no agreement had been reached. We understand that those who do not find employment, or go to work tomorrow morning, will either be arrested for vagrancy or given so much time to leave town. There is no probability of a clash, but some trouble may be experienced in putting the negroes back to work, or make them leave town, yet they have no visible means of support and considerable "crap shooting" is probably their pastime. It is not likely that the lumber company will grant the extra hour, for they are rushed now, and unable to fill orders; though this will probably last only a few days.

The Good Roads movement in Onslow is fast becoming the all-absorbing topic, and the County Commissioners have arranged to have an expert build one mile of sand-clay road in each township, as an example of what can be done.

The crops throughout this section are exceedingly fine, considering the lateness of the year, and a bright outlook looms up for the farmers.

Parson's Poem A Gem.

From Rev. H. Stubenvoll, Allison, Ia., in praise of Dr. King's New Life Pills.

"They're such a health necessity,
In every home these pills should be.
If other kinds you've tried in vain,
USE DR. KING'S
And be well again." Only 25c. at R. R. Belamy's.

Don't miss the races at Highwood Park this afternoon at 3 o'clock. **

NEWS OF WHITEVILLE.

Great Improvement in Streets—Local and Personal News.

(Special Star Correspondence.)

Whiteville, N. C., July 6—Last night Rev. Mr. Willingham, missionary to Japan, delivered an illustrated lecture in the Baptist church on "Japan and its People." There was a large attendance and the lecture both interesting and instructive.

The firm of McRackan & Co., consisting of W. R. and Donald McRackan, has been dissolved by the withdrawal of Donald McRackan. Mr. W. R. McRackan, who is one of our livest young merchants, will continue to operate the Bolton store as a branch to his large establishment in Vineland.

On the Fourth there was one of the largest crowds at Lake Waccamaw ever known. And yet the most perfect order was preserved. This is due to incorporating the Lake front by the last Legislature, and the mayor and marshal will see that the rowdy element hunts some other locality.

The improvements made in our highways and the streets of Whiteville are already attracting a number of motor cars, and every day they are seen passing through town. Several farmers in Columbus county have recently purchased automobiles, which is a certain pointer to prosperity.

Mrs. O. H. Schumaker has returned to her home in Wilmington, from attendance on the Davis-Memory nuptials. Mrs. Schumaker is a great popular favorite in Whiteville and has made many friends in our little city.

Mr. Edgar High, son of Mr. and Mrs. D. P. High, who recently married Miss Jonnard, of Louisville, Ky., is expected this week in Whiteville with his bride. Mr. High is one of our most popular young men who has made quite a business success. Mrs. High belongs to one of the leading and honored families of Nashville, Tenn., but of recent years her parents have moved to Louisville. A warm welcome awaits the young couple when they visit Whiteville.

Physicians say the health of our county is improving all the while. This they attribute to the ditching of lands and large number of deep wells being bored. By this time next year work will start on a half dozen drainage districts.

Mr. Ed Lewis has received the machinery and put up his corn mill in Whiteville and it is doing nicely. Mr. Lewis contemplates adding other machinery to the plant. He is one of our most enterprising citizens.

Misses Lula and Fay Memory left yesterday for Scotland county, where they have joined a large camping party.——Miss Luine Watson has returned to her home at Fayetteville after a visit to Miss Annie Memory.

HARNETT COUNTY NEWS.

Good Roads Election—Blind Tigers Rampant — Notes.

(Special Star Correspondence.)

Dunn, N. C., July 6.—The County Board of Education at their regular meeting in Lillington on Monday re-elected Prof. J. D. Ezzell as superintendent of public instruction. This is the fourth time Mr. Ezzell has been elected to fill this position, infallible proof that the people of Harnett are well satisfied with his efforts in behalf of the educational interests of the county.

Mr. H. C. McNeill, who for several terms has held the position of cotton weigher at Dunn, was re-elected to that position yesterday.

The Harnett county good roads bond election which was set for July 26th has been postponed until the regular election in November to give the people of the county more time to consider so important a step.

A runaway which at the time seemed sure to terminate fatally occurred on the streets here yesterday, when a carriage driven by Mr. John Johnson containing Miss Lula Thompson, of Atlanta, became frightened and dashed up Main street. Mr. Johnson was thrown out of the buggy and the horse continued his flight with her sitting in the buggy and the reins dangling around the horse's feet, until his wild course took him into an alley which was closed at one end, where Miss Thompson was rescued from her perilous position without serious injury.

The boldness of the blind tiger element for the past few days has been the source of much comment. One especially brazen member of the "morally stunted" brotherhood received a package by express yesterday and immediately proceeded to hand out the pint bottles to his thirsty friends, but the chief of police ended the bargain sale and captured the remainder of his stock consisting of thirty-one pints.

Mr. John B. Sanders left yesterday for Thomasville to attend theu marriage of his niece, Miss Isabelle Williams, to Mr. Thomas Pearsall, which marriage took place there yesterday. Miss Williams is a daughter of Mrs. David Williams, formerly of Dunn, and the family are well-known in Harnett where they have a large circle of friends.

Dr. Highsmith will return to Dunn tonight after an extensive honeymoon. An informal reception will be tendered them on their return by Miss Bessie Highsmith.

QUARTER-MILER INJURED.

Will Mar Harvard-Yale Team Races on July 11th.

Brighton, July 6.—The Harvard-Yale Athletic team met with misfortune today. H. W. Kelley, of Harvard, the Americans' best quarter-miler, fell on the stairs in the dressing quarters at Preston Park, and sprained his ankle seriously. It is stated that he will not be able to compete in the intercollegiate meet at the Queen's Club grounds on July 11th, and his loss will be a severe one to the visitors.

The Americans put in a hard day's work, devoting two hours both in the morning and the afternoon to general practice and time trials. Practice will be at the Queen's grounds tomorrow instead of at Preston Park.

LIGHTNING KILLS OFFICER.

Deputy Sheriff Kettering a Victim of Bolt Which Destroys Barn.

Martinsburg, W. Va., July 5.—Deputy Sheriff Harrison Kettering, son of Sheriff E. B. Kettering, of this county, and a prominent young farmer, was struck and instantly killed by lightning last night while in a barn on his farm near Baxter. The barn was destroyed by the fire which followed and the dead man was partly consumed.

Mr. Kettering was 28 years old. He is survived by his widow and one child.

CONFERENCE ORGANIZES.

Various Committees Were Named Able Sermon by Dr. Kilgo.

(Special Star Correspondence.)

Southport, N. C., July 6.—What promises to be the greatest conference of the Methodist church ever held in the Wilmington district as regards the work of the church in this section of the State, convened here this morning with Bishop John C. Kilgo presiding. Following the morning session there was an able sermon by Dr. Nash and tonight a masterly sermon was preached by Bishop Kilgo. The afternoon was given over to committee work and no session was held.

The Lord's Supper was administered to a large attendance immediately after conference convened and an address was made by Bishop Kilgo on the efficacy of the Sacrament. Roll of the conference was then called by the secretary, Rev. E. E. Sawyer, of Cross Creek, and most of the members responded. Rev. N. H. D. Wilson, presiding elder of the district, read a report of the work being done in the district and it was of a most gratifying nature. He urged more effort on the part of the ministry and laity to strengthen the work at its weaker points.

Committees were appointed on quarterly conference records, spiritual state of the church, Sunday School work, public worship, etc. A 15-minute recess was given at 11 o'clock and Dr. L. L. Nash, of Hamlet, then preached a strong sermon on "Knowing Christ and Him Crucified." He was heard by a large congregation.

No afternoon session was held as the time was given to the various committees in order to prepare reports. Tonight a splendid congregation heard Bishop Kilgo whose sermons are always able and scholarly. He was listened to with rapt attention and his sermon was greatly enjoyed and made a profound impression upon his hearers.

The conference will convene again tomorrow morning at 9 o'clock.

FRANCHISE WAS GRANTED.

Mattamuskeet Railroad Allowed Use Washington Streets.

(Special Star Correspondence.)

Washington, N. C., July 6.—At a recess meeting of the board of City Aldermen, held in the city hall last night, Mr. Charles L. Abernathy, attorney for the Mattamuskeet Railroad Company, appeared before the board and requested a franchise be given the railroad company allowing them to enter and traverse certain streets in this city. After considering the request the board granted it, and the franchise was given the road allowing them to build their track along and upon certain streets of this city, provided said road is constructed within three years from this date. The coming of this road to this city which now seems to be an assured fact will give Washington four separate railroads and will open up one of the most fertile and richest counties in the State, and one in which there is no other railroad. This also means much to the commercial interests of this city.

The Second Infantry, North Carolina National Guard, under command of Col. H. C. Bragaw, of this city, and about sixty enlisted men of the Frist, Second and Fourth Virginia Infantry, will be in camp for rifle practice and field work from July 20th to 28th, at Camp Glenn, Morehead City. The Second Infantry is composed of the infantry companies of Tarboro, Kinston, Rocky Mount, Goldsboro, Fayetteville, Washington, Edenton, Wilson, Lumber Bridge and Dunn.

VALUABLE CITY PROPERTY FOR SALE

In pursuance of a judgment of the Superior Court of New Hanover County, rendered on the 6th day of June, in the year 1911, in an action wherein Alice N. Johnson is plaintiff and Mildred A. Robinson and others are defendants, the undersigned Commissioner will sell at public auction on Monday, the 17th day of July, 1911, at 12 o'clock, noon, at the Court House door, in the City of Wilmington, N. C., that valuable lot of land situated in the said city of Wilmington, described as follows:

Beginning at a point in the present northern line of Chestnut street, the southeastern corner of the Mauger Loudon lot, and running thence with his line northwardly, and parallel with Fourth street 185 feet, more or less, to a brick wall; thence eastwardly along said brick wall 63 feet, more or less, to the northwestern corner of a brick stable building; thence southwardly and parallel with Fourth street, 85 feet; thence southeastwardly 6 feet; thence southwardly parallel with Fourth street 100 feet, to the centre of a brick pillar in the northern line of Chestnut street; thence westwardly along the present northern line of Chestnut street 68 feet, to the beginning; the same being a part of lots 4, 5 and 6, in Block No. 193, according to the present plan of the City of Wilmington, N. C.

Terms of Sale—One-third cash, upon confirmation; one-third in one year; one-third in two years; interest on deferred payments at 6 per cent. per annum, payments secured by mortgage.

WILLIAM L. SMITH,
Commissioner.

Piles! Piles! Piles!
Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and itching of the private parts. Druggists, mail 50c and $1.00. WILLIAMS MFG. CO., Props., Cleveland, Ohio

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which *seem* remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Everybody
Is looking for the
"Best of it"
And the crowds that are attending
Gaylord's
Cash Raising Sale
are finding it.

Everything in his big stock has been cut to bed rock in order to raise the "Rocks".

In Millinery Hats that sold last week for $2.00 are selling this week for $1.00 and those that sold for $5.00 are now selling for $2.50.

25c Flowers are now selling for 10c and 50c Flowers for 25c.

Number 100 Ribbon for Hair and Belts about five inches wide, this week for 10c.

Men's $1.00 Dress Shirts at 69c.

$1.00 Straw Hats for 35c; 50c Straw Hats for 19c.

Japanese Art Squares, 9x12 feet, ...$2.98

Eight foot Hammocks, for 75c and $2.00

39c Togo Silk in all shades for.....23c

And everything in this mammoth stock has been cut in proportion.

From the rush and roar of the big crowd of eager buyers and the stir of busy clerks it looks more like a GIVE AWAY SALE than anything else.

Remember, this great cut in prices lasts for this week only.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Friday, July 7, 1911.

A man who doesn't think much of a doctor, anyhow, would suddenly change his opinion if he were to eat a Texas cucumber.

"Speak low, if you speak love," advises the Houston Chronicle. Sure, Mike! The other girl might overhear what's being said.

The relation of the farmers' free list bill to reciprocity is about the same as the impecunious kinsman to a family which has money enough to break into good society.

"What has become of the old-fashioned gold brick man?" inquires a contemporary. Oh, that was too slow for him, so he quit and got rich quick by handling the best quality of mummy wheat.

A lunch counter man will stow away with satisfaction what would sit on his own table a week without being touched. If there is anything more curioues than some men it is all the other men.

A Boston woman recently gave a dinner to friends by way of celebrating the granting of a divorce from her husband. In all probability she will find out that some of her friends will eat with her and drink with her ex-husband.

An editorial writer remarks: "The most foolish thing a Democrat could do would be to oppose reciprocity with Canada." Well, we should say not. How about it, if he were to take his overcoat out of the pawn shop while the Weather Bureau is on its July job?

Some people are so gifted in romance, they are right on the job when it comes to such fantastic work as making a mountain out of a molehill. By the way, there are in Wilmington a number of artists who don't seem to be able to distinguish between a stupendous statement and a prurient prevarication.

The Charlotte News makes this threat: "We propose to make a special trip to Greensboro to settle up a few old scores with Col. Robert Ragtus Phillips, the champion appetite of North Carolina journalism." Of course, Bob knows enough to hide his pie when a Charlotte editor comes poking around.

The granulated appearance of a red-meated watermelon indicates the imprisoned particles of sugar developed from the saccharine consitutent of the kind grown in the generous loamy soil of eastern North Carolina. Some foolish people cut a watermelon with a knife, totally ignorant of the Pender county method of breaking open a juicy specimen and fanning the bees away while getting away with the delicious hunks as fast as they can be lifted from the shattered rind. "Why should the heathern rage?" Why, it's simply because they want to come to eastern North Carolina where the best of everything grows to the quintescence of perfection.

The Spartanburg (S. C.) Herald makes this note of fidelity to the native heath: "Judson Harmon is living in the county in which he was born 65 years ago." Nevertheless, he is showing signs of breaking up these six-and a half decades of home ties just because a whole lot of people are satisfied it would be a good thing for the country for him to leave home and sojourn in Washington for the space of four to eight years. Of course, he won't have the heart to refuse, but he can console his enighbors by assuring them that, even though he be President of the United States of America, he can never forget the old swimming hole way back in Ohio.

RECIPROCITY AND THE FARMERS.

Our esteemed but uneasy Republican contemporary, the Clinton News-Dispatch, is afraid reciprocity with Canada is going to injure North Carolina farmers and play Old Harry generally with the great agricultural interests of this country. Says the alarmed News-Dispatch:

"There is not an intelligent man in the United States but what knows if that reciprocity bill becomes a law that farm products will become a great deal cheaper, and still they are patting the farmers on the back and are trying to make them believe that it won't hurt them. They must think the farmers haven't got any sense."

Of course, it would be terrible, if the comparatively few farmers among the 9,000,000 people of Canada were to produce enough to put millions of American farmers "on the hog." About 45,000,000 of the 100,000,000 people of the United States are farmers and it would be a shame to let 5,000,000 Canadian farmers get out of their snow houses about four months out of the year and take the bread right out of the mouths of our honest, hard-working farmers. If those Canadians can thaw out their farms and put nearly ten times their number to the bad, something should be done to them in the way of putting hobbles on them besides the imaginary protection supposed to result from the handicap of a tariff on agricultural products which might come here from Canada.

If the comparatively few Canadian agricultural artists can feed themselves and the balance of the population of their country and then flood the United States with wheat, flour, corn, bacon, beef, mutton, and such like provender, they surely are fierce farmers. If they can do that and put the thing all over our millions of producers, it would be a good idea to kidnap them and make them teach us how to farm. If they can do it, the fact would show that in order to compete with those Canadian hustlers, American farmers would have to produce exactly ten times per man more than they are doing. It would be pretty hard to make an American farmer believe he is loafing on his job and not equal to a Canadian farmer who has to pay about the same for labor, while having only a few months in the year to grow his crops.

It makes a North Carolina farmer laugh to think Canada might grow cotton, peanuts, tobacco, and other things to compete with him. As to wheat, the Canadian article is fine and since North Carolina farmers raise very little wheat and have to buy their flour, the Canadian in that instance will not knock the props from under a Tar Heel farmer. On the contrary, if it cheapens flour, meat and other supplies that a North Carolinian does not produce, but buys at the middleman's profits, we fear the North Carolina farmer would get up a torchlight procession in favor of reciprocity. We might get a few of Canada's fine Irish potatoes cheaper, but as North Carolinians buy instead of sell white potatoes, we fancy that might make him a rantankerous reciprocityite.

On the other hand, North Carolina farmers raise about everything that a Canadian has to buy, even to strawberries. The Canadians raise no strawberries that can compete with North Carolina berries in April, but they tax strawberries and pay the tax themselves, for the fellow who eats the berries surely pays the tax. Nevertheless, reciprocity takes off that strawberry tax, another thing which might tickle a strawberry grower, if the Canadians would let him have the benefit of the tax. However, the Canadian strawberry eaters want to take that tax off in order to relieve themselves so they won't have to pay the North Carolina price and the tax added to it.

North Carolina produces cottonseed oil and the Canadians propose to take the tax off that so they can get our oil by the tank load. The more oil they take the more demand there will be for the cottonseed of our farmers, so the North Carolina farmer doesn't care how much tax the Canadians take from cottonseed oil and strawberries. However, the cottonseed oil trust would like to see that tax kept on, for it to take it off would help Canadian manufacturers to compete with American manufacturers of the high-grade products of our crude oil. Indeed, our manufacturers would not be scared to death at the idea that one or two Canadian factories — a thousand miles from the cottonseed oil mills—would be enabled to run them out of business. If the great oil industry of this country is afraid of the little oil industry of Canada, the absurdity of the thing would be in the same proportion to the ridiculous figure a North Carolina farmer would cut in taking to the woods at the thought of a Canadian farmer who has to plow with woolen gloves to keep his hands from freezing to the plow handles, or else has to wear an overcoat while he rides a sulky plow.

Of course, North Carolina farmers have sense when they come to think of it, and when a Republican or a Democratic politician thinks he can fool them "it will be a cold day in July." If the North Carolina farmers are like us, they must be struck with wonder that a handful of Canadian farmers are not scored out of their wits at having to compete with a tremendous nation of farmers that Secretary Wilson thinks ought all to have a gold medal for feeding and clothing this country, besides sending millions of dollars of cotton, wheat, flour and other surplus crops to the Europeans. The only competition which we get from Canada is in the shipping of her small surplus of wheat and flour to Europe, but as the buyers of our wheat, flour and cotton fix the price there, while our prices at home are based on their prices, what has Canadian reciprocity got to do with either lowering or increasing prices?

Between us girls, under the protective tariff of this country, our farmers are feeding the Europeans cheaper than they are feeding themselves. Our flour in London sells at a less price than it does in Wilmington. Farmers in Europe buy their American implements and machinery at less prices than our farmers can buy them. In fact, we may as well understand now, that if any cattle and hogs come from Canada on the free list, the American packers will buy them and under their protection they will continue to charge their own prices for their meats. The American millers will snap up all the Canadian wheat, if any comes over, so if we get any cheap biscuits, it will be an agreeable surprise party to us. To cut the matter short, if reciprocity with 9,000,000 Canadians can at all relieve 100,000,000 Americans or do any damage to our industries or our agriculture, it evidently would be so small that it would take a politician a year to figure it out.

TYPHOID BUGABOO.

At this time of the year, typhoid fever is more or less prevalent throughout the United States. It is bad enough in itself, but it is worse when a situation is exaggerated like reports that have been circulated about Wilmington.

Of course, no city relishes the existence of typhoid, but it seems to strike them all in about the same proportion since none are exempt. However, whenever it appears no effort should be spared to stamp it out. The remedy is to keep a city clean, and long ago the State proclaimed the truth when it declared that "the time to keep a city clean is all the time." There is no hygienic sense in letting a city become untidy all Winter to be cleaned in the Spring or early Summer. The plain truth is that a city should be kept so clean all Winter that no extraordinary cleaning should be necessary at the very time when there should be very little cleaning to do.

As we remarked, when typhoid fever makes its appearance that is the time to take vigorous steps to stamp it out. That is exactly what Wilmington did, and it was the vigorousness of the anti-typhoid campaign that started the wild rumors about the situation in our city. All kinds of false reports have gone abroad because the local and State health authorities became active in their efforts to investigate the situation, trace the source and adopt preventive measures. Meanwhile, the most exaggerated talk began, while as a matter of fact, investigation by the health authorities shows that there is really nothing to be alarmed about. As a matter of fact, when we consider that Wilmington has 25,748 inhabitants, the proportion of cases reported in two months, including some cases brought here for treatment, is only six cases per thousand people. In a town of 1,000 inhabitants six cases of typhoid in two months time would hardly be noticed, while something like 125 in a city like Wilmington would appear excessive if we did not take into consideration that the larger population cuts the ratio of cases to the small town average. Indeed, the situation is all the more re-assuring when the general average death rate from typhoid in the entire United States is about 14 per cent., while in eastern North Carolina the general average is only about 8 per cent. That the fever here is of a very mild form is shown by the fact that the deaths this Summer have been only 2 per cent. of the cases, and the total number of cases reported only one-half of one per cent. of the population. At the present time there are only five cases to the 1,000 of our population.

We learn that some reports have been circulated to the effect that there has been some typhoid fever at Wrightsville Beach. This report is absolutely without foundation. Physicians declare that typhoid fever cannot exist where one is continually breathing salt air.

THE RICHMOND VIRGINIAN.

Our valued contemporary the Richmond Virginian, is now coming to us as a morning daily. Less than two years ago, the Virginian entered the journalistic arena as an afternoon paper, and from its inception it established a high ideal and began its career with an inspiring mission to perform. From its first issue it has been an admirable newspaper—aclean sprightly and ever-entertaining publication, as neat in appearance as it is wholesome in its characteristics.

Evidently there was a field for a newspaper of such fine standard and that it has acceptably met the expectations of its supporters can well be judged from the fact that its publishers felt warranted in making it over night into a vigorous morning paper that has met with enthusiastic reception. The editorials of the Virginian are scholarly and purposeful, and its "full, fair, clean and accurate news" aids in giving it a tone that has marked it with an enviable individuality. We are glad of the success of such a paper in a field so notable for its strong and able newspapers with a galaxy of editors, each in his way, illustrating the genius of scribedom.

The Washington Post intimates that the insurgents are playing with the Democrats, "making use of them as a spite fence to close the avenue to reciprocity." Bedad! We didn't know it had an avenue leading up to it. It looks more like a grotto railway to a standpatter.

CURRENT COMMENT.

But if Judge Clark don't know any better than to run against that push, we think North Carolina is very much in need of a new Chief Justice.—Clinton News-Dispatch. (Rep.)

Semi-annual dividends showed up the first of the month as usual, the banks declaring 8 per cent., while some of the manufacturing plants did better.—Greensboro Record.

Going toward Gastonia, the interurban trolley line parallels the Southern Railway track for a considreable distance. The glimpse one gets from the car windows of the grading shows that it is to be a first-class line.—Charlotte Chronicle.

The Norfolk papers are delighted that the Chesapeake & Ohio has put on a through train from Newport News to Chicago, thus giving the people a quick schedule to the Windy City. Why should a man living quietly and peaceably in Norfolk want to go to Chicago?—Petersburg Index-Appeal.

Reports of fatalities from the heat wave nearly all relate to Northern and Western communities. There have been only one or two fatalities in the South and none in the South Atlantic section. The meaning, shorn of verbiage, is that the climate of this section is the most kindly in the country. It may be temperarily oppressive, but it rarely kills.—Savannah News.

It is gratifying to know that the first degree of "doctor of public health" given by Harvard has been conferred upon a Baltimorean and a graduate of Johns Hopkins. Dr. Edward Beasley received his bachelor degree from the university and the degree of medicine from the Hopkins Medical School before going to Harvard. This suggests that the Hopkins follow the example of Harvard and the University of Michigan in establishing a course in public hygiene leading to the degree of doctor of public health. Baltimore is the acknowledged leader in medical science, and it should not be behind-hand in furnishing men equipped to deal with the problems of sanitation and the prevention of diseases which confront every large community.—Baltimore Sun.

With the recent census report on cotton goods there is shown to exist a situation which all manufacturers should study carefully and well. In ten years, production of plain cloths for printing and converting has increased 54 per cent.; fancy woven fabrics 84 per cent.; ginghams, 93 per cent.; duck 26 per cent.; bags and bagging, 61 per cent.; sale yarns, 42 per cent. And so the story goes, except that a decrease is shown for drills and cottonades, along with a very slight increase in brown sheetings and shirtings. All these figures relate to yardage or other measure of actual quantity. They do not take account of the considerable curtailment and reduction of stocks which have occurred since January 1, 1910, when the census period for cotton goods ended, but they do show that the country has been producing very considerably in excess of the current demand. It is matter for serious thought and investigation that at the very time when the home market has become oversupplied American cotton goods exports to China should have fallen off from about thirty million dollars annually to about five millions.—Charlotte Observer.

From the day that Zebulon Baird Vance was inaugurated Governor of North Carolina, with John C. Scarborough as superintendent of public instruction, up to this good hour there has always been an earnest effort on the part of public officials to improve the public schools. This movement received its greatest impetus in the political revolution of 1898 and 1900. Governor Aycock was elected upon the pledge that paramount to every other consideration, should be the education of all the children of the State and to the carrying out of this pledge he devoted most of the time of his administration, going wherever invited to preach the gospel of education and to advocate local tax for public schools, so fulfilling his campaign pledge that he came to be known throughout the whole country as "The Educational Governor of the South." The progress thus made has been continued under the administrations of Governor Glenn and Governor Kitchin and North Carolina has for a number of years had the record of building a new school house for every day in the year. The result of this steady progress in the State has been that the school term has been lengthened, the people have seen that they must pay better salaries for teachers and there is a spirit of education that has increased a hundred fold in the last decade. All over the State, from every hamlet, village, town and rural district comes the demand for efficient teachers to man the public schools. The harvest truly is great, but in comparison with the demand, the laborers are few.—Raleigh News and Observer.

Escaped With His Life.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough. I had looked like it, usre enough. I tried everything. I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C., for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positvely guaranteed for coughs, colds and all bronichal affections. 50c and $1.00. Trial bottle free at R. R. Bellamy.

COTTON TARIFF SCHEDULE.

Democrats of Ways and Means Committee Hold Brief Session.

Washington, July 6.—Democratic members of the Ways and Means Committee held a brief preliminary meeting today and planned work on the cotton tariff schedule revision which will be taken up next week in earnest. Representative Rainey, of Illinois, chairman of the sub-committee which for weeks has been preparing facts and figures relating to the cotton industry, has submitted the data to the committee, which will meet again on Monday.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

TEXACO ROOFING

Is made of solid, extra heavy, first quality, wool felt, thoroughly saturated with Texaco Bitumen, over 99 per cent pure, and afterward finished with an extra heavy coating of the same material.

TEXACO BITUMEN—over 99 per cent pure'— possesses great fire-resisting properties, is not oxidized by the action of the elements, is impervious to the action of acids, fumes and gases, is not injured by the extremes of heat and cold, and remains adhesive and pliable.

The weakest point of ready roofing is at the lap, due to the disintegration and hardening of the cement used, but Texaco Roofing Cement, made of bitumen over 99 per cent pure, insures a permanent waterproof lap.

The principal merits of TEXACO ROOFING are:
ECONOMY of first cost and application.
SIMPLICITY and ease of application.
PERFECTION of weather and water-resisting qualities.
MAXIMUM of strength and durability.
FIRE-RESISTING.
PLIABILITY and immunity from injury by extremes of temperature; and, last but not least,

A PERMANENT LAP, by use of Texaco Roofing Cement, which gives security, strength and waterproofing at the weakest point of a roof.

CAPE FEAR OIL CO.

COUNTY TREASURER'S REPORT

For Month of June Submitted at Meeting of Auditing Committee of County Commissioners Yesterday Afternoon.

Sitting as an auditing committee, the Board of County Commissioners met in regular monthly session yesterday afternoon with Chairman Duncan McEachern presiding and Commissioners Metts and Vollers and Mr. W. A. Williams, the clerk, in attendance. The time of the meeting was taken up with the approval of bills and auditing of accounts. The report of Mr. H. McL. Green, county treasurer, for the month of June, was submitted as follows:

Balance on hand June 1st—General county fund, $5,570.43; special county fund, $142.47; road fund, $1,356.95; road sinking fund, $14,381.97.

Receipts—Cost from Recorder's court, $279.75; transfer from general to road fund, $367.70; note discounted for and on account of road fund, $5,000; schedule B tax, $2,353.10; marriage licenses, $29.45; back taxes, $131.40; cash from county home, $444.04; cash from sale of rock for and on account of road fund, $198, a total of $32,801.85.

Disbursements— General county fund, by transfer to road fund, $367.70; road fund, by interest on note for $5,000, for 90 days at 5 per cent., $62.50; general county fund; by warrants paid: United Charities, $62.25; County home, $222.36; roads and bridges, $109.50; out-door poor, $265.83; public building, $77.28; tax listing, $320; stationery and advertising, $72; election, $690.75; Superior Court, $558.97; magistrates, $12.08; Recorder's court, $391.31; jail, $195.15; miscellaneous account, $8.15; Commissioners $132; superintendent of health, $150; attorney, $83.34; coroner, $33.40; constable, $16.75; clerk, $83.34; janitor, $55; treasurer's commissions, $84.71; hospital, $759.37; county roads, $2,965.08; a total of $7,778.82, leaving a balance of $25,023.03.

NEW REAL ESTATE FIRM.

The Southern Realty & Development Company Granted Charter.

Articles of incorporation of the Southern Realty & Development Company, recently granted a charter by the Secretary of State, were filed for record at the office of the Clerk of Superior Court yesterday. The company is chartered to do a general real estate business, while the principal purpose of the corporation is to develop property on Greenfield Mill Pond Plans for placing this property on the market have already been made. The property has been cut into lots. The company has an authorized capital stock of $50,0000 but may begin business when $4,500 has been subscribed. The incorporators and the number of shares of the stock subscribed are: A. W. Pate, 15 shares; D. N. Chadwick, Jr., 15 shares, and Dr. J. W. Powell, 15 shares.

GRADUATES FROM LAW SCHOOL.

Mr. William H. Duls Finishes Course at Harvard.

The many friends of Mr. William H. Duls, one of Wilmington's bright young men and a son of Mr. J. W. Duls, will be delighted to know that he graduated from the Harvard Law School several days since, with honor. Mr. Duls attended the University of North Carolina before he went to Harvard and graduated with the degree of A. B. He was at Harvard three years.

Friends of Mr. Duls predict for him a bright future in his chosen profession. Mr. J. W. Duls has just returned from a trip of two weeks spent at New York, Atlantic City, Philadelphia, Boston and several other Northern cities. He also visited Cambridge, where he saw his son graduate.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: Thomas F. Floyd and wife to J. A. Orrell and wife, for $4,800 tract of land in Masonboro township, on Masonboro turnpike, containing about 48 1-2 acres; R. E. Tapp to John L. Hazelhurst and wife, for $10 and other considerations, lot on Princess, 81 feet west of 20th street, 150x50 feet in size; Amos Higgs and wife to G. H. Hargrave, for $10 and other considerations, lot on Nun, 75 feet west of 14th street, 35x63 1-2 feet in size; Mary Ann Jackson to Wise Merrick, for $100 and other considerations, lot on corner of Miller and McRae streets, 41 1-4x66 feet in size; C. B. Mahler and wife to J. Haughton James, for $100 and other considerations, lot on Carolina Heights, same being on corner of 19th and Princess streets, 70x150 feet in size; Joseph Hale, to Solomon Sternberger, for $200 and other considerations, lot on Sixth, 60 feet north of Swann street, 30x75 feet in size.

Papers Served Yesterday.

The papers, including complaint and order, were placed in the hands of Sheriff S. P. Cowan yesterday for service in the case of Mack Faircloth against Mary Jane Faircloth, her husband, and the Wilmington Savings & Trust Co., and the defendants are cited to appear before Judge O. H. Allen in Clinton on May 12th to show cause why judgment should not be granted, as prayed, enjoining the defendants from paying to Mary Jane Faircloth, or any other person, firm or corporation any of $700 deposited in the defendant bank by the defendant Faircloth in her own name some months ago when she and her husband were living together, the amount, belonging, it is alleged, to both. It is further alleged in the complaint that the woman has recently been drawing the money from the bank and living extravagantly. Jas. H. Scull and Walter C. Benson, Esqs., represent the plaintiff.

Kill More Than Wild Beasts.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c. at R. R. Bellamy's.

GENERAL J. S. CARR A VISITOR

In City Conferring With Adjutant Leon as to Arrangements for the Coming Reunion of Confederate Veterans.

Gen. Julian S. Carr, of Durham, State commander of the United Confederate Veterans, is in the city, conferring with Adjutant L. Leon, of the Cape Fear Camp, in regard to the arrangements that are being made for the accommodation and entertainment of the visiting veterans who will be in attendance upon the annual reunion, which will be held here August 2nd and 3rd.

While here Gen. Carr will spend part of his time at Wrightsville Beach. He has visited that delightful resort before and is always glad to spend a few days there. Gen. Carr has hundreds of friends in this city, as well as in all other sections of the State, and he is being heartily greeted by them. He is a guest at the Seashore Hotel.

The arrangements for the reunion are rapidly being completed and the members of the local camp are enthusiastic over the prospects for one of the most successful meetings ever held in the State. Indications point to an unusually large attendance and the different committees are making every preparation to furnish accommodations for such.

The committee which was appointed to canvass the town to procure boarding and lodging places for the visitors has about completed its work and reports that the restaurants will give the veterans a rate of 25 cents a meal up It is stated that a very substantial meal will be provided for 25 cents. The committee also reports that desirable rooms can be and at rates of 50 cents a night up. These rooms are comfortably furnished and within easy each of the central part of the city. All veterans who will attend the reunion and who desire reservations made should notify Adjutant L. Leon at least ten days prior to the meeting in order that the committee will have ample time in which to make the arrangements and thus avoid confusion and delay at the last minute.

For those veterans who may be unable to pay their own expenses while here the local veterans will provide a comfortable camp in which they will be lodged and fed. All veterans expecting to be entertained free of charge should notify Adjutant Leon at least ten days prior to the reunion.

The local camp expects to spare no pains to make the reunion a success and they will do everything possible to pleasantly entertain the visitors during their stay in the city.

The orator of the occasion has not been announced as yet, but arrangements are pending and it is likely that one of the most eloquent speakers in the State will be present to deliver the address of the occasion.

Invitation have also been sent to many distinguished people all over the State and it is expected that many of them will accept and attend the reunion in the City by the Sea.

EXCEEDED SPEED LIMIT.

Autosists Given Sentence of 20 Days. Judgment Suspended.

In Justice Harriss' court yesterday Mr. Arthur Newkirk and a negro named Fred Hall were found guilty of exceeding the speed limit and recklessly driving automobiles, and given sentences of 20 days each on the county roads. Upon the payment of costs judgment was suspended. If they are found guilty of the offense a second time judgment will be prayed and they will have to serve their time.

Their arrests followed an accident which occurred Wednesday afternoon on the shell road to Wrightsville Sound. Mr. Newkirk was in front, with several members of Mr. J. W. Brooks' family in his car. The negro Hall was driving Mr. Brooks' car behind him with several other members of Mr. Brooks' family in it. He lost control of the machine in some manner and drove into the rear of Mr. Newkirk's car, causing some degree of damage to each machine.

Sheriff S. P. Cowan had noticed the cars when they passed his house on the way to the sound and he stated that they were running at least 45 miles an hour. He directed Justice Harriss to issue warrants for Newkirk and Hall and their arrests followed.

THIEF HAULED OFF HAY.

Broken Into Yesterday on the Railroad Yards.

The boldness of robberies in this city reached the climax yesterday when a car of hay consigned to the firm of John S. McEachern was opened and a considerable quantity of the hay hauled off. Mr. W. H. McEachern stated last night that there was no clue as to who committed the theft. Last night the warehouse of the same firm, on Water street, was found open, but Mr. McEachern was not positive whether it had been left open or had been broken open by some thief. There was nothing in the warehouse to steal but hay, but that commodity is very valuable at the present time, being worth $35 or $40 per ton. The robbed car was near the Coast Line depot.

Arranging for Celebration.

Committees from each of the local Pythian lodges are busy making arrangements for the big meeting to be held Wednesday evening, July 12th, at which time Col. Walker Taylor, who was recently chosen Vice-Grand Chancellor of the order for North Carolina, will be formally inducted into office. Messrs. Thos. E. Cooper and Jos. W. Little represent Stonewall Lodge; Mr. James D. Nutt and Dr. W. C. Galloway, Clarendon Lodge, and Messrs. Wood and Jones, Delgado Lodge. Germania and Jefferson lodges will also be represented on the committee. The joint committee will have a meeting Monday evening, at which the final arrangements for the celebration will be made.

Death of Little Son.

Accompanied by the grief-stricken parents, George V. Hatchell, the infant son of Mr. and Mrs. J. B. Hatchell, whose death occurred at the family residence, No. 504 South Second street, Wednesday evening, was taken on the early train yesterday morning to Effingham, S. C., for burial. The child was about 4 months old. The bereaved parents have the sympathy of a great many friends.

SOME MISHAP ON AUTO TRIP

Mr. and Mrs. W. M. Andrews, Who Started from Moncure Sunday Afternoon, Not Yet Arrived —Search Instituted.

Mr. and Mrs. W. M. Andrews left Moncure, Chatham county, Sunday afternoon at 2 o'clock in a red run-about automobile for Wilmington, where they expected to spend the Fourth of July with Mrs. Andrew's mother, Mrs. F. L. Porter, who lives at No. 425 South Fourth street. Although practically five days has elapsed nothing had been heard up to last night from the couple since their departure for Wilmington Sunday afternoon, and relatives in this city are much alarmed, entertaining fears for their safety.

Mrs. Porter received a letter from her daughter last week stating that she and her husband would leave Monroe Sunday afternoon for Wilmington. They were to use a red run-about and there were to be no other occupants of the car. Mrs. Andrew expected to spend some time here with her mother, while Mr. Andrew was to return on Tuesday. He is a saw-filer for the Deep River Lumber Co., at Moncure. Fourth of July came and the coupe had not yet arrived, so Mrs. Porter became very much alarmed and sent a telegram to Moncure. A reply was received to the effect that the couple left there on Sunday afternoon at 2 o'clock and had not been heard from since. Mrs. Porter did some more telegraphing and search was started from the Moncure end. Late yesterday afternoon Mrs. Porter received another telegram from Moncure to the effect that all efforts to locate the couple had been futile. Relatives in this city advance no theory as to the cause of the failure of the couple to arrive or at least send some information as to their whereabouts. Any information relative to the whereabouts of the couple will be cheerfully received by Mrs. Porter.

MAY NOT BE WATER SUPPLY.

No Fever in Years Among Users of the City Water.

In order to secure some additional data to substantiate his well-known position that the city water supply is not responsible for the sickness in Wilmington this Summer and never was in years gone by, Mr. R. C. Cantwell, superintendent of the water-works plant, Wednesday afternoon made a visit to a large number of houses selected at random throughout the city. Mr. Cantwell asked those visited to give him information as to length of time they have used the city water, number of cases of fever during this time, whether or not the water is being boiled. He visited a total of 51 houses during the afternoon, from one side of the city to another, representing a total of 319 people. Out of this number there has been only one case of fever this year and in this family the fever developed one month after the use of the city water was stopped, and therefore the water is not assigned as the cause in this case. Mr. Cantwell found that the time the persons interviewed have used the city water varied from four months to 29 years. One family of ten has been using the water for 29 years without a single case of fever during all these years. Practically all were found to be boiling the water now since the statement was issued by the health authorities some time ago advising the water be boiled.

To Recorder on Slander Charge.

Before Justice Harriss yesterday afternoon in the Court House, Mr. James Brinkley and Mrs. Lottie Yopp were given hearing on a charge of slander of Miss Sallie Faulk, on the 21st day of June. The prosecution was represented by the firm of John D. Bellamy & Son, while the defendants were not represented by counsel. The evidence did not connect Mr. Brinkley with the affair, and he was discharged, while Mrs. Yopp, the other defendant, was bound over to the Recorder's court. The young woman alleged to have been slandered proved a splendid character by several witnesses. All persons concerned live in the southern section of the city.

Another Big Purchase of Land.

Some days ago The Star had an article about the purchase by Congressman William Kent, of California, and ex-Sheriff J. F. Jordan, of Greensboro, of 40,000 acres of land in Cumberland and Harnett counties, which they propose to develop. In addition they closed a deal Wednesday with Mr. W. J. Johnson, of Red Springs, for 9,000 acres of land in the same section. The purchasers propose to divide their property into small farms. They will begin the improvements of the property right away. They are not connected with the North Carolina Orchards Co., or W. E. Housel, its promoter.

Funeral of Child.

The funeral of Robert Lee Britt, the infant son of Mr. and Mrs. J. R. Britt, whose death occurred Wednesday night about 11 o'clock, was held yesterday afternoon from the family residence, No. 409 Smith street. Rev. C. F. Whitlock, pastor of Brooklyn Baptist church, conducted the services. Interment was in Bellevue cemetery. The sorrowing parents have the sympathy of many friends in their bereavement.

—The regular monthly meeting of the County Board of Education, adjourned from Monday afternoon, will be held this afternoon at 4 o'clock. Chairman J. O. Carr will preside. This is a very important meeting.

YOUNG MEN, BEGIN.

Begin to build a standing against the day when you may embark in business for yourself.

Marshall Field, as a clerk, carried a checking account and paid even his board by check.

When he bought an interest in the Leiter store, he had become so well known to the officers of the then largest bank in Chicago that he was able to borrow what he lacked to complete the deal. When Mr. Field died he owned a controlling interest in that bank. Begin today.

The Southern National Bank

NOL PROS IN "TIGER" CASES

Whiskey Terminated for the Time Being—Statement of Assistant City Attorney Peschau — Other Court News.

Terminating for the time being, at least, the cases against Thomas Mask Jones, colored, and Ralph Kennedy and John Bradshaw, white, a nol pros with leave was taken by Assistant City Attorney George L. Peschau in the Recorder's Court yesterday morning. Each of these cases had been tried before a jury in the Recorder's Court and the case against the Jones negro had been tried three times, a mistrial resulting in every case.

Attorney Peschau went into details in his statement as to why the nol proses were taken. From the tone of the statement it is believed that the cases are not to be permanently abandoned. County Attorney Marsden Bellamy and Attorney Peschau, for the State, worked unusually hard to get a conviction in these cases, and the fight centered around the choosing of the jurors. The attorneys made a effort each time to secure an impartial jury, and they feel that they have done everything possible at the present time.

The statement of Attorney Peschau, as to why the nol proses were taken, was as follows:

"If your honor pleases, the State to enter a nol pros, with leave, in the case against Jones, and this course is taken with no present intention of letting this charge die a natural death. The defendant, a negro, has been tried three times before you by juries—a jury in each instance being demanded by him and allowed by you in the exercise of a discretion given you by statute. Mistrials have resulted, a majority of the jurors in each trial, a big majority in two of them, it is said, standing for conviction. Upon demand by the defendant, you have seen fit to allow him a fourth jury.

"In our opinion, we have made an unusually strong case against this defendant, but there seems to be a disposition here to demand a jury at each trial, and a disposition on the part of some jurors to acquit regardless of evidence. We have placed juror after juror on oath in this court in an effort to eliminate this element and to determine before hand who they are, but with little success. We feel we have done our duty in this case, and that under the machinery of this court available for securing a jury, it is useless to proceed further here at the present time. Five mistrials in all this class of cases have resulted here.

"In the cases against Bradshaw and Kennedy, for reasons as yet unknown to us, the principal witness for the State has left this purisdiction, and a nol pros with leave in these cases will for the present be taken."

Aside from this feature the session was rather dull. Carl Anderson, a Norweigan sailor, was tried for the alleged larceny of a suit of clothes from William Vesta. He was found guilty and given a sentence of six months on the county farm. Mary Johnson, colored, charged with disorderly conduct, was dismissed.

The case against Jim Brown, the negro who killed John Lane, a mulatto, last Saturday evening, will probably be the feature of today's session. Brown was exonerated by the coroner's jury on the ground that he killed Lane in self-defense, but Chief of Police John J. Fowler, in his capacity as a magistrate, committed the man to appear before the Recorder. Counsel for the State are said to have discovered evidence that was not brought out at the coroner's investigation.

SPLENDID RAIN YESTERDAY.

Precipitation Was More Than One and Half Inch—Largely Local.

Not for any one day since March has the rainfall in Wilmington been as great as it was yesterday when the precipitation was 1.58 inch. This was more rain than fell during the entire month of last November, and the same is true as to the months of February, April and May. In fact, it was greater than the rainfall of combined months of February, April and May. During the entire month of June the rainfall was only 2.14 inches.

The rain yesterday was purely local; that is, it was not general over the eastern part of the State, but fell only in patches. Wilmington, as far as could be ascertained yesterday afternoon, got as much or more rain than any point in this section. Consideable damage has alreay been done crops in this State by the drought but farmers say that it is surprising how well the crops look when the remarkably small rainfall is taken into consideration.

Reports to the local weather bureau last night showed that the rainfall did not extend into the central portion of the State.

Attended Jewelers' Convention.

Mr. J. T. Burke is back in the city, after attending the annual convention of the North Carolina Retail Jewelers' Association, which was held in Winston-Salem this year. Mr. Burke reports one of the most successful, as well as one of the most enjoyable, meetings in the history of the association. All of the officers were re-elected without opposition. They are as follows: President, Fred. N. Day, of Winston-Salem; vice-president, W. H. Leonard, of Salisbury; secretary and treasurer, W. G. Frazier, of Durham; executive committee: A. L. Wilcox, of Durham, and Frank M. Jolly, of Raleigh. Charlotte was chosen for the next meeting place.

Dr. W. J. H. Bellamy Improving.

The many friends of Dr. W. J. H. Bellamy, whose health has been such for several months past that he has been unable to look after his extensive practice, will be glad to learn that he is convalescing and hopes before many weeks to resume his practice. He is now in Virginia.

Great Reduction in Pattern Hats.

Stylish pattern hats which ranged from $6 to $10 during the season have been reduced to $2.95 at Miss Rea's Millinery Salon, 128 Princess street. These hats are from the hands of stock carried by Miss Rea and will be sold at once.

TWO KILLED IN STRIKE.

Occurred During Riots in Mexico City. The Situation.

Mexico City, July 6.—Two persons were killed and five others seriously wounded during a charge by the police on a mob near the street car barns nead Indianilla, just outside this city today.

The rioting occurred when an effort was made to move cars into the suburbs. The cars were escorted by mounted police, who rode into the crowd of strikers and their aympathizers using their sabres freely.

The dead were striking motormen of whom a great number had gathered about the cars defying the guards. Many less serious attacks were made on cars at different points. Few people patronized the cars.

Big free for all races at Highwood Park this afternoon. **

CHRISTIAN ENDEAVOR MEETING.

Eight Thousand Occupy Auditorium of Million Dollar Pier.

Atlantic City, N. J., July 6.—Eight thousand delegates crowded into the front auditorium of the million dollar pier tonight at the opening session of the International Christian Endeavor. The feature was the annual address of President Francis E. Clark. He was interrupted frequently by applause, his reference to an international peace pact with the English speaking people combining to lead the way, was the hit of his speech.

The report of Wm. Shaw, general secretary, submitted tonight showed an increase of over a million members since July 1909 in the United States. His declaration that China had recruited 381 societies during the same period created interest, as did his plea for the spiritual welfare of the immigrant, the betterment of Sunday labor conditions and the success of the fight against immoral moving pictures.

Starting a world-wide work on a larger scale the board of trustees this afternoon relieved President Clark of the detail work of his office to permit him to travel about the world to effect closer interdenominational endeavor. He will still remain in office and there will be no diminution in his authority, but he will promote the interest of the work in writing and traveling to portions of the world where the organization is weak.

New York, July 5.—The protested Chicago-Pittsburg National League game of the morning of May 30, will have to be played over. This announcement was made at National League headquarters tonight. The game will be played off in Pittsburg on a date to be arranged later.

THE C. W. POLVOGT COMPANY

SOCIETY

Miss Mabel Woolard is visiting friends and relatives in Maxton.

* * *

Miss Inez Thratt, of Washington, is visiting relatives and friends in the city.

* * *

Miss Edith Clark has gone to Warrenton, where she will visit relatives and friends.

* * *

Miss Maria Grainger has returned to the city after a pleasant visit to relatives in the North.

* * *

Miss Lottie Andrews, of Vista, who has been visiting her cousin, C. K. Sidbury, Esq., returned to her home yesterday.

* * *

Mr. and Mrs. J. H. Davis and little daughter, Flossie May, have returned from a visit to relatives and friends at Hampstead.

* * *

Mr. Chas. Black and family have returned to their home at Atlanta, after a pleasant stay of several days at the Seashore Hotel, Wrightsville Beach.

* * *

Mrs. W. T. Bannerman, who spent the past year in Thomasville, Ga., returned to Wilmington yesterday and is at the home of Mr. and Mrs. R. G. Grady, No. 108 Nun street.

* * *

Miss Ida Hankins, who will leave in a few weeks as a missionary to Korea from Grace Methodist church, will conduct the League meeting at Trinity Methodist church tonight. All who are interested in the work are cordially invited.

* * *

Yesterday's Charlotte Observer: "The many friends of Mrs. H. M. Wade will regret to learn that she has been quite sick for several days at Wrightsville where she went with her mother, Mrs. J. B. Tarver, of Columbus, Ga., several weeks ago.——Miss Cronie Fore, who has been visiting Miss Virginia Shoop in Suffolk, Va., will leave in a few days for Wilmington, where she will spend a week with relatives and friends.——Mr. Will Tillett left today for Wilmington, where he will be the guest of Mr. Emmett Bellamy for two weeks.Mr. Bellamy accompanied Mr. Tillett to Wilmington, after spending several days at Davidson College."

* * *

Chesnut Street Flooded.

During the hard shower yesterday morning a piece of plank became fastened in the mouth of the pipe that drains Chesnut street at its intersection with Third, and in a short time the street, between Third and Second, resembled a miniature edition of the Cape Fear, much to the delight of the children in the nighborhood. One little fellow, in the excess of his zeal, waded far out to where the muddy water was almost knee deep and losing his balance, plunged with much grace, but rather abruptly, headfore most into the flood. The cold water took the edge off his enthusiasm and he stood not upon the order of his going. The attention of the officials was called to the state of affairs and a short search revealed the innocent board had caused it all. When it was removed the puddle soon drained off.

* * *

RECENT ARRIVALS AT THE BEACH HOTELS.

Many guests continue to arrive at the hotels at Wrightsville Beach. Among those registered yesterday were the following: At the Seashore: Mr. and Mrs. L. L. Strauss, L. L. Strauss, Jr., Mrs. E. M. Eisper, Mrs. C. L. Genist, Mr. S. B. Grant, Mrs. L. E. Anderson, Richmond, Va.; Mr. K. R. Ellington, Fayetteville; Mrs. B. I. Joel, Miss Josephine Joel, B. I. Joel, Jr., Mrs. B. Bukfzer, Mr. Hugh M. Scott, Atlanta, Ga. At the Oceanic: Mr. J. V. Query, Charlotte; W. T. Moss, Jr., Wadesboro; Mr. Harvey Bonney, Rose Hill; Mrs. F. S. Dean, Mr. Saxton Lewis, Miss Margaret Lewis, Miss Penelope Clark, Atlanta; Mr. and Mrs. H. Bumgarten, Mr. Will Weill, Mrs. L. Weill, Charlotte; Mrs. W. J. Stoddard and daughter, Atlanta; Mrs. W. P. Russell and children, Haynesville, Ala.; Mr. and Mrs. H. L. Stearnes, Misses Marion and Alice Stearnes, Atlanta; Mr. A. C. Henney, Wallace.

MISS MARY BAILEY MURPHY BRIDE OF MR. C. P. GORMAN.

Of interest to many friends in this city was the marriage yesterday morning at 7 o'clock of Miss Mary Bailey Murphy, the attractive daughter of Mrs. S. M. Murphy, which was celebrated at No. 410 North Third street, Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian Church, performing the ceremony. The beautiful ring service was used. There were present members of the families of the bride and groom and a number of friends. The couple received a large number of handsome presents, attesting their popularity in a wide circle of friends. Following the ceremony the couple drove to the union station and left on the morning train for a bridal tour to points in Pennsylvania, New Jersey and possibly New York and Connecticut. Upon their return they will be at home to their friends at No. 410 North Third street. Mr. Gorman is connected with the Standard Supply Company and is a well known and popular in a wide circle of friends.

* * *

POPULAR COUPLE WEDDED AT THOMASVILLE.

Thomasville, N. C., July 6.—In the presence of a few intimate friends and relatives at the home of the bride's mother, a marriage of much interest to many friends was solemnized here yesterday afternoon, when Miss Isabelle Williams became the bride of Mr. Thomas Pope Pearsall, of Rocky Point. The ceremony was prettily performed by Rev. G. A. Martin assisted by Rev. T. W. Smith, of Concord.

The bride is the attractive and cultured daughter of Mrs. L. S. Williams, of Thomasville, formerly of Dunn, Harnett county, where the event created pleasure and interest to their many friends. Mr. Pearsall is a well known Pender county young man, who has many friends throughout the whole of eastern North Carolina. He is a son of Mr. E. D. Pearsall, the well known trucker and newspaper writer, of Rocky Point.

Immediately after the ceremony the couple left for a honeymoon of 15 days, which will be spent at Asheville, Blowing Rock and other points in "The Land of the Sky." Beautifully engraved cards accompanying the announcements bore the following:

"At Home
After the First of August,
Rocky Point, North Carolina."

Among the out-of-town guests present were Miss Julia Sanders, Corsicana, Fla.; Mr. J. L. Smith, Jr., Portsmouth, Va.; Mr. J. B. Sanders, Dunn; Mrs. G. A. Martin, and Miss Hattie Martin, Greensboro; Mr. R. D. Pearsall, Miss Martha Pearsall and Mr. E. D. Pearsall, Rocky Point.

* * *

Yesterday's Greensboro Telegram: "Mrs. Chas. H. Dorsett and Miss Maie Dorsett go to Wrightsville Beach today for a visit."

* * *

Among the National holiday visitors at Wrightsville Beach were Mrs. David Jones, Mr. D. H. Jones, Miss Margaret McNeill, Mr. O. W. Holmes and Master Edwin Jones, all of Fayetteville.

* * *

Mr. J. D. Hedrick, of Clarkton, was in the city yesterday and left last night for home. Mr. Hedrick had been to Wrightsville Beach visiting his family. Mrs. Hedrick and three sons, Masters James, Marion and Warner, are spending some time at the resort.

JUROR STRUCK BY CAR.

On Big Suit in Raleigh—Not Incapacitated—Other Items.

(Special Star Correspondence.)

Raleigh, N. C., July 6.—Daniel Long, of Person county, member of the jury in the $1,200,000 damage suit of Ware-Kramer Tobacco Co., vs. American Tobacco Co., was struck by a street car at the corner of Fayetteville and Davis streets about 1 o'clock this afternoon and had his head badly cut and sustained many bruises. Two cars were passing on a double track and confusion incident to this caused Mr. Long to step in front of the car heading toward the State house. Fortunately he fell out from the track so that he was not caught under the car. He was carried to Rex Hospital where his wounds were dressed. He was able to resume his seat in the jury box this afternoon. The court devoted today's session to hearing the opening argument for the plaintiff by C. C. Daniels, Esq. He was followed by ex-Judge R. W. Winston for the American Tobacco Co. It is expected now that the argument will not be concluded before Monday or Tuesday of next week.

The West Bend Manufacturing Co., of Craggy, Buncombe county, was chartered today with $10,000 capital for making brick, quarrying stone, operating lumber plants, furniture factory and other purposes. Theo. F. Davidson, Haywood Barker and Louis M. Bourne are the incorporators.

Governor Kitchin today honored a requisition from the governor of South Carolina for George McManus, wanted in Chester county, S. C., for abduction. He is now in jail at Charlotte, being held for the South Carolina authorities.

The State Geological Board was in session today with Frank Hewitt, of Asheville; Dr. M. R. Brazwell, of Nash county; Dr. Joseph Hyde Pratt and Dr. C. S. Vann, here for the meeting. Dr. Brazwell has succeeded Mr. Vann as commissioner, the latter resigning to become fish commissioner. The board determined to renew and greatly quicken efforts for the unification of the fishing interests in this State, a decision being reached to hold a convention of fishermen some time in the Fall.

Mr. Litzan, government architect, is in the city conferring with Judge Connor and Federal court and other government officers having offices in the government building, with a view to preparing the plans for the proposed $250,000 addition to the government building here, provision for which in the way of an appropriation has already been made by Congress. There are several plans proposed for the enlargement. One is to add two or more stories to the present three-story structure, and the other is to add a wing on the rear to extend toward Salisbury street and face the present courtyard.

SAVED FROM WATERY GRAVE.

Crew of Overturned Junk at Yokkachi Are Rescued During Typhoon.

Victoria, B. C., July 6.—In a heavy typhoon, the steamer Sado Maru, which arrived yesterday from Japan, saved men from an overturned junk at the entrance to Yokkachi harbor on June 19th, where the Sado was steaming to her anchorage in the teeth of the storm for four hours.

The Sado Maru manouvered to windward and grazed alongside the capsized vessel, and lines were thrown to the shipwrecked crew, all of whom scrambled upon the liner.

Heavy loss of life occurred in the storm, many fishing boats being overturned and other craft wrecked. On shore many buildings collapsed and floods occurred in some districts wi loss of life. In Yokahama harbor, 25 lives were lost.

TRAGEDY AT WAYCROSS, GA.

Woman Kills Another as Result of a Neighborhood Quarrel.

Waycross, Ga., July 6.—As the culmination of a neighborhood quarrel, Mrs. R. L. Robbins this afternoon shot and instantly killed Mrs. Belle Smith, opposite the latter's home in Gilchrist Park, this city. Mrs. Robbins was arrested and is held without bail in the county jail. Several neighbors saw the shooting.

Mrs. Robbins recently caused the arrest of Mrs. Smith, charging her with a minor infraction of city ordinances. At the trial Mrs. Smith was freed and Mrs. Robbins fined.

LUMBERTON THE WINNER.

Defeated Fayetteville by the Score of 18 to 4.

(Special Star Correspondence.)

Lumberton, N. C., July 6.—Lumberton defeated Fayetteville today in a slow game of ball by the score of 18 to 4. The feature of the game was the hitting of Lumberton, getting 24 hits and a total of 42 bases. Four of the hits were home runs. Fayetteville got only five hits.

Batteries were: Lumberton, Stern and Bale and Carroll; Fayetteville, L. McNeill and Bishop, Grady and N. McNeill.

PERSONAL PARAGRAPHS.

—Mr. S. A. Barber, of Bolton, N. C., was here yesterday making business calls.

—Mr. Craven Pridgen, president of the Bank of Tabor, at Tabor, spent yesterday in Wilmington.

—Mr. J. G. L. Gieschen returned yesterday from a visit of two weeks to several of the northern cities.

—E. M. Koonce, Esq., of Jacksonville, N. C., is spending a few days in the city and at the beaches.

—Rev. W. G. Moore returned to Wilmington yesterday after spending several days at Willard, where he held services Sunday.

—Mr. R. Y. Corbett, of Currie, spent a few days at Wrightsville Beach this week and is now the guest of Mr. R. J. Andrews, on Topsail Sound.

—Policeman M. L. Moore is on his vacation of ten days which he is spending at his old home at Currie. He is accompanied by his family.

Mr. James Sinclair, formerly of this city, but who now resides in Waycross, Georgia, was in Wilmington yesterday and was being greeted by his many friends.

—Patrolman W. R. Applebury returned yesterday from Canetuck, where he and members of his family have been visiting relatives. The officer is on his annual vacation.

—J. O. Carr, Esq., returned to the city yesterday from Magnolia, where he was called a few days ago on account of the death of his motner. He has the sympathy of a great many friends in his bereavement

—Mr. M. M. Capps, the popular Clerk of Superior Court of Onslow county, was in the city yesterday. He came to consult Dr. S. E. Koonce relative to an abscess in the ear and also to attend to some business.

—Sheriff Walter Atkinson, of Pender county, spent a few days in the city this week and went from here to his farm on Topsail Sound, where he will spend a few days looking after matters there and visiting relatives.

—Among the arrivals at The Orton yesterday were the following: Mr. and Mrs. W. A. McPhaul, Lumberton; R. D. Brenmer, Rocky Mount; T. L. Stackhouse, Marion, S. C.; Mr. and Mrs. J. W. Bradley, Raeford; W. C. Murphy, Charlotte

—Mr. Joseph Sharrock left yesterday morning for Atlantic City to attend the annual convention of the National Christian Endeavor Society. He is president of the St. Andrew's Presbyterian Church Society, which he will represent as a delegate.

—Mr. Alan B. Mills, a brother of Mr. Burritt S. Mills, arrived yesterday morning from his home in New York City and will make Wilmington his home in the future. He will be connected with the lumber firm of Horsey & Mills, Incorporated, of this city.

LOCAL DOTS.

—The next union meeting of the Wilmington Baptist Association will be held with the Riley's Creek church, in Pender county, the last of this month.

—The weekly shoot of the Wilmington Gun Club will be held at 2:30 o'clock this afternoon instead of 4, the usual hour, on account of the horse races at Highwood Park.

—Mr. W. D. MacMillan, Jr., has secured a permit to erect a one-story brick building on the west side of Second, between Princess and Chesnut streets, to cost about $4,500. It is stated that the Eureka Pressing Club will probably use the building.

—The Wilmington Driving Association has extended an invitation to all automobile owners in the city to meet this morning at 9 o'clock at Highwood Park to try out the splendid new sand-clay track. The cars will pack the track for the horse races over it in the afternoon.

—The ladies of the Church of the Good Shepherd will conduct an all-day excursion to Carolina Beach next Tuesday. There will be two trips of the steamer Wilmington with probably a third in the evening. The fare for the round-trip will be 25 cents and it is expected that there will be large crowds.

COOLER WEATHER PROMISED.

Relief From Excessive Heat Probable According to the Forecasters.

Washington, July 6.—Cooler weather tomorrow is promised by the government forecaster to the North Atlantic States, practically the only section of the country where the hot wave remains wholly unbroken. By tomorrow night Boston, now one of the four hottest places on the map, will get relief, it is predicted, and the worst and most prolonged spell of heat since 1901 will be broken.

New York and Washington began today with thermometers registering seventy-four and eighty degrees, respectively at 8 o'clock, as they did at the same hour yesterday. Chicago's official figure was eighty, a decrease of six degrees; Boston, with eighty-six degrees, as compared with eighty-two yesterday morning, led the country for heat, along with Northfield, Vt., Syracuse, N. Y., and Concord, N. H. It is considerably cooler in the upper Lake region, the Plains States and the middle West, and further reductions in temperatures are probable. Showers have moderated the heat in the Southern States and relief from the same source may be had by the Atlantic States within the next thirty-six hours.

POLICEMAN MAY DIE.

Little Hope for Man Shot By Negro at Asheville.

Asheville, N. C., July 6.—Reports from the bedside of Policeman E. G. McConnell, of the local police force, who was shot and seriously wounded by the negro John Hoff last Monday, are discouraging tonight and but little hope for his recovery is entertained. His temperature is given at 104 and his physicians state that pneumonia has developed in the right lung. The reported location of Huff at Greenville, S. C., last night has not yet materialized and messages received here today indicate that the fugitive is still at large.

Brunswick, Ga., July 6.—Accidentally hurled into a huge vat of boiling water with the log he had rolled to the edge of the tat, Ralph Girven, aged 15, was so badly scalded that he died an hour later, this afternoon.

..Theatrical..

At the Bijou.

The Bijou, ever alert to please its patrons, and with a full knowledge that "variety is the spice of life," will today introduce quite an innovation. It will present what is known as Ladies' Souvenir Day. This means that this afternoon and tonight the popular Bijou, will present pretty souvenirs to the fair sex. Five hundred copies of the Motion Picture Magazine has been obtained by the management and these will be given to the first five hundred ladies attending the popular theatre today. This souvenir event will be hailed by the femininity with pleasure and the spirit of the occasion will, no doubt, be merrily entered into. The Bijou's bill today is one that will please all tastes. It was especially selected with the idea of the Souvenir Day in view and it will be found to contain everything that will especially delight the ladies. It will be found strong in both comedy and drama, and the musical numbers will be of just the jolliest type. Mr. Frank Banks, the favorite singer, has been most fortunate in his song selection for today. It is a corker, being merry, most tuneful and prettily illustrated. The band benefit yesterday was a rousing success in spite of the weather. The attendance was large and the programme was a splendid one. Every one who went was loud in praise of the performances. The band realized quite a tidy sum from the benefit, and each member is duly appreciative to the Bijou management for its generosity.

MANY ARE AFTER OFFICE.

Applications Pouring in for Vacant Commissionership.

(Special Star Correspondence.)

Raleigh, N. C., July 6.—The contest for the appointment by Governor Kitchin of a successor to the late Henry Clay Brown as corporation commissioner, opened up in earnest today with the arrival of the first delegation in the interest of a candidate. This was from Oxford and was in the interest of ex-Speaker of the House A. W. Graham of Oxford. In the delegation were Gen. B. S. Royster A. A. Hicks, W. A. Devin, Col. R. A. Gregory. They are pressing the appointment of Judge Graham on the ground of being especially fitted for the duties of the office through past public service and that he was the next choice in the Charlotte convention after the nominees. The delegation found Governor Kitchin out of the city when they filed into the executive offices, he having gone to Camden county to deliver a Masonic address tomorrow. Numbers of applications for the appointment and floods of letters in the interest of various candidates poured into the executive offices today through the mails. Just who has and who has who has made application has not developed yet. Additional possible appointees being discussed are A. H. Eller, Winston-Salem; J. Allen Holt, Guilford; Dr. Gordon, Guilford.

POLICE PURSUE RANSACKERS.

Dead Man's House Searched by Neighbors for Supposed Fortune.

Pittsburg, July 6.—A few minutes after it became known today that Frederick Prager had been found dead in bed at his home in High street, Northside, neighbors rushed to the house and began ransacking for $11,000 alleged to be hidden somewhere about the premises. It took a squad of police to clear the house of fortune hunters and save the building from being wrecked.

Prager succumbed during the night to the heat. Three weeks ago his sister, Mrs. Emma Strana, committed suicide, while a few months ago John Strana met a violent death in a mine. The three deaths wiped out the Strana-Prager family, and neighbors endeavored to get the rumored fortune.

The police will make a thorough search some time today.

GROCERY WRECKED BY BOMB.

Owner and Son Are Dug Out of Ruins of Store by Firemen.

New York, July 6.—Firemen had to dig Giovani Madonia and his son, Joseph, out of the ruins of their grocery shop today after the place had been wrecked by a bomb. They were not badly hurt.

This is the second time in five weeks that a bomb has exploded in front of their establishment. The former explosion filled the father's leg full of nails.

Madonia has received threatening letters from the Black Hand, and several months ago his nephew, Giovanni Lombardia, was shot to death in the neighborhood.

Mobile, Ala., July 6.—This city voted for the return of licensed saloons today under the recently enacted local option law by a majority of 2,289, and in the county the majority will reach 3,000 when all the returns are in.

What Andrew Jackson Asked For

Immediately after his brilliant victory over the British at Chalmette in 1815, he went direct to the French Market for a cup of the even then famous coffee. Then, this famous beverage could be had nowhere else. **Now** you may serve it daily at your own table. For the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

"There is but one French Market flavor." For a general, all-around, satisfactory cup of coffee nothing can approach French Market. It is shipped all over the country in hermetically sealed tins to preserve the natural strength. At all grocers.

KILLED IN AUTO WRECK.

Circulation Promoter Dead and Three Others Injured.

Canonsburg, Pa., July 6.—George Brown, aged 35, of New York City, a newspaper circulation promoter, was killed; Carl H. Thalimer, sporting editor, and Fred Doubleday, reporter on the Washington Record, and J. Cepinus Guthrie, chauffeur for an automobile company at Washington, Pa., were hurt today by the overturning of the touring car in which they were riding. The car was a prize in a newspaper contest and was being tried out, Guthrie driving it for the men.

Shortly after leaving Washington, at what is known as Dead Man's Curve on the Washington Pike, and while going down a grade at high speed, the brakes failed to work. The car skidded and turned over, pinning Brown beneath, breaking his neck. Guthrie's right leg was broken, while Thalimer and Doubleday, who jumped, were seriously bruised and shocked. The injured were taken to the city hospital in Washington.

Brown's wife collapsed when informed of his death and is in a serious condition.

ESCORTED BY FIVE VESSELS.

Cunarder Ivernia Proceeds Under Her Own Steam, However.

Queenstown, Ireland, July 6.—The Cunard steamer Ivernia, tempararily patched up, sailed this morning for Liverpool under her own steam, but escorted by five tugs and salvage steamers.

The Ivernia has been laid up since she struck near Daunt's Rock during a fog on May 24th. She was coming in from Boston at the time. Permanent repairs will be made at Liverpool.

WOMEN AND SENTIMENT WIN.

Italian Woman Not Tried on Charge of Murdering Husband.

Leadville, Colo., July 6.—Women and sentiment won a victory yesterday when the murder charge against Assunta Capra, an Italian woman who killed her husband here six weeks ago, was dismissed in Judge Cavender's court.

The women of the State had taken an interest in the case to the extent of besieging District Attorney Hogan with requests that the woman be not prosecuted, as they said she was justified in killing her husband. Mrs. Capra is about to become a mother.

ABUNDANCE OF JUNE BRIDES.

More Than Six Thousand of Them in New York During Month.

New York, July 6.—The June bride was never so numerous in Greater New York as this year, figures compiled by marriage license bureau officials show.

More than 6,000 licenses; 6,059, to be precise, were issued during the month, as against 5,728 in the same month last year, which was the record until now.

CORN QUOTATIONS TUMBLE.

Rains in Four States Cause Prices for Grain to Fall Somewhat.

Chicago, July 6.—With rain moistening the corn fields of Illinois, Nebraska, Iowa and north Kansas, the market for that cereal dropped three cents at the opening today. The December options which closed at 66 cents yesterday, declined to 63, while September dropped from 66 3-4 last night to 64 cents.

COTTON MODERATELY ACTIVE

Sharp Break in Cotton Owing to Reports of Rains in Southwest. Spot Closed Quiet, Unchanged—Market.

New York, July 6.—While trading was only moderately active, there was a sharp break in the cotton market today, owing to reports of rains or showers in the Southwest, and prices lost all of their recent improvement with the close easy at a net decline of 8 points on July and of 27 to 35 points on later deliveries.

The opening was easy with July unchanged, August four points lower, and new crop deliveries from 11 to 18 points lower, on easy cables and the unexpected appearance of rainfall at Texas and Oklahoma points. Yesterday's buyers immediately started to liquidate their cotton and while old crop positions continued relatively firm during the early trading, the new crop soon worked off to a net loss of about 21@22 points. The western belt forecast for unsettled weather with showers, except in west Texas, did not seem to inspire much selling after the first rush of liquidation had spent itself, and there was a slight rally during the middle of the morning, but offerings increased on a bulge of only four or five points, and the market around midday showed a net loss of from 29 to 30 points on new crop deliveries. The official weather details for the Houston district did not indicate quite so much rain as suggested by private reports, and the market steadied 5 or 6 points again, following their publication, but private wires received during the afternoon claimed further showers in Texas today, and readers of the weather map seemed increasingly sure of good rains in Texas and Oklahoma tonight. This prevented any rally of consequence, and while the leading bulls appeared to be holding onto their cotton, and to be giving the market a little support on a scale down, the lowest level of the day was reached in the late trading, under continued liquidation, combined with both local and Southern selling. Last prices were practically the lowest and about 30 to 35 points net lower with decrease contract selling around 1,316, comparing with 1,350, the high point of late yesterday. After showing a net advance of 7 points early, July eased off to a net decline of about 8 points in sympathy with the new crop weakness.

Receipts today, 1,189 bales, against 1,127 last week and 6,583 last year. Today's receipts at New Orleans, 382, against 3,351 last year, and at Houston 5 bales, against 102 last year.

Spot closed quiet and unchanged; middling uplands, 1,485; middling gulf, 15.10. Sales, 3,200 bales. Futures opened easy and closed easy.

THE GRAIN MARKET.

Chicago, July 6.—A sudden collapse in prices today came as an immediate result of the end of heat and drought. Corn led the downfall, closing with a net loss of 2⅝ to 3c. Oats made a close second, finishing 1¾ to 2¼ down. Wheat was next, 1⅛@1¼ to 1⅞ lower than last night, provisions, too, recored a decline, a nickel to a quarter of a dollar.

Wheat—No. 2, red, 87¾@88¾; No. 3, red, 886887; No. 2, hard, 87¾@90; No. 3, hard, 876888; No. 1, northern, 97@1.01; No. 2, northern, 956@1.00; No. 3, northern, 926@97; No. 2, spring, 926@95; No. 3, spring, 886@92; velvet chaff, 846@90; durum, 826@90.

Corn—No. 2, 626@62¾; No. 2, white, 626@63¾; No. 2, yellow, 626@62¾; No. 3, 61¼@62¾; No. 3, white, 61¾@62¼; No. 3, yellow, 61½@62½; No. 4, 596@60½; No. 4, white, 59½@60; No. 4, yellow, 596@61.

Oats—No. 2, white, 466@46½; No. 3, white, 456@45½; No. 4, white, 44½@45¾; standard, 45½@46¼.

EGGS—Good demand, 18 to 19 per doz.

SHEEP—Lambs, $2.50 to $3.00 per head; grown sheep, .90 to $2.25.

Petersburg Peanut Market.

(Furnished by Rogers, McCabe & Co.)

Spanish—Farmer stock, firm, $1.27½ bbl; $1.30 asked; holdings, small; No. 1, Spanish shelled, 7¼c.; No. 2, Spanish shelled, 5½ to 5¾c.

Virginians—Bunch, 4¼ to 4½c.; Fancy Hand Picked, 3⅜ to 4c.; Extra Prime, 3½ to 3¾c.; Prime, 3¼ to 3⅜c.; Machine Picked, 3¼ to 3⅜c.; market, firm.

LIVERPOOL COTTON MARKET.

Spot, Good Business; Prices, Nine Points Higher.

Liverpool, July 6.—Cotton spot, good business done; prices 9 points higher; American middling fair, 8.62; good middling, 8.30; middling, 8.08; low middling, 7.88; good ordinary, 7.62; ordinary, 7.37. The sales of the day were 12,000 bales; of which 4,500 were for speculation and export and included 11,500 American. Receipts, 4,000 bales, all American. Futures opened steady and closed weak. July, 77½; July and August, 7.69; August and September, 7.44; September and October, 7.12; October and November, 6.99½; November and December, 6.94; December and January, 6.93; January and February, 6.93½; February and March, 6.94½; March and April, 6.95.

DRY GOODS MARKET.

New York, July 6.—The dry goods markets were quiet for the day. Cotton goods hold barely steady, with the demand light. Wool suitings for fall rebating purchased steadily and some agents can make no additional deliveries this side of October. Raw silk is generally firm.

Wakefield, Mass., July 6.—With three out of the five events completed in the all-American military match, which was shot here today, the first Navy team had the highest score tonight, a total of 1,611. Tomorrow the match will end with the 1,000 yards slow fire and the skirmish run.

BRISK RISE IN STOCK MARKET

Securities Rose As Rapidly As They Fell the Previous Day—Held Firmly to Advance Prices —Features.

New York, July 6.—Stock exchange traders today took their cue again from the grain markets and prices of securities rose as rapidly as they fell yesterday. Cooler weather in sections where crops had been imperilled by continued high temperatures and rains in Western States put an end, for the time, at least, to bearish activities based upon crop scare.

The volume of trading was not large, and there was no sign of an organized effort to force stocks to a higher level. After a brisk rise at the opening the market became dull, holding firmly at the advanced figures. The movement was broader than any advance of the recent past, including a long list of industrials which of late have played little part in trading. Gains of 2 or more points were frequent among the prominent issues.

Relief felt in the European markets at the lessening of tension over the Moroccan situation was reflected here in the absence of selling pressure from abroad.

Domestic monetary conditions remain featureless, the only event of the day being the transfer of $700,000 currency through the sub-treasury to San Francisco. The movement was not in the regular course of business, it was declared, and was made possible because exchange rates favor the Pacific coast.

Railroad reports published today include those of the St. Paul, with a decrease in gross earnings of $264,000 last month and the various lines of the St. Louis and San Francisco system, which made fairly good returns for May, the aggregate gain in net earnings exceeding $200,000.

The Virginia Iron, Coal and Coke rose ten points on the strength of reports that the company was to come under control of the United States Steel Corporation.

Bonds were firm. Total sales, par value, $2,725,000.

United States bonds were unchanged, on call. Total sales, 271,300 shares, including Tobacco, 100; C. and O., 3,700; L. and N., 200; N. and W., 1,500; Reading, 36,300; S. S. S. and Iron, 300; Southern Railway, 2,900; do. pfd., 400; Tennessee Copper, 400; Union Pacific, 44,200; United States Steel, 52,0000; Virginia-Carolina Chemical, 5,400.

STOKES ON STAND RELATES SHOOTING

(Continued from Page One.)

the first place, you know, I am a divorced man, forbidden to marry; second, any man who has failed to retain the love of the woman who was desperately in love with him would count it a crime to try matrimony on a girl for the second time. In the third place, I am too old, so all I can do is to wait for a widow, or a divorcee who has had all the matrimonial experiences she wants for life and so we will just be good friends.

"We will go traveling and autoing together and have pleasant tales and such things. There are several dozen widows and divorcees here I intend looking over very carefully before I return, but I will make no selection before I have talked it over with you. There is a widow, right small, about 40 years old, very pretty and only slightly damaged that I hear a lot of good about. She is very shapely and I will get your opinion of her. She has a nice little nose and black hair. She says she does not like Chicago. The dirty streets, the hogs and such things remind her of her late husband. New York, is where she wants to live, and she has an ample fortune to do what she pleases with. She is a little black and white dream."

A telegram sent to Miss Graham at 129 Auburndale avenue, Memphis, Tenn., in June, 1907, read:

"Photograph superb. Keep your health and good looks. Have written." In another letter Miss Graham was advised as follows:

"Keep your head, don't touch wine, beers or liquors. They will ruin your complexion. You know the stage is not my advice. If you need anything I will help you. Sorry you sent that $1,000, but a star of $2,000 a week, I suppose, has to buy $15 or $50 hats."

NORWEGIAN OFFICER ARRESTED.

Tells New York Police He "Don't Consider Himself a Burglar."

New York, July 6.—"I don't consider myself a burglar," remarked Lieutenant Karl Von Metz-Meyer, of the Norwegian Army, the latest "Raffles" to fall into the hands of the police. "I had to have food and shelter, and that is all there is to it."

The Norwegian told the police today that he had committed a score of burglaries in the fashionable residential section of Brooklyn. He was held in $2,000 bail for the grand jury.

Lieutenant Von Metz-Meyer dressed as a society exquisite as he went about his work. A thin-bladed paper cutter with an ivory handle which could be slipped between the window sashes to pry open a refractory window catch or be used as a stiletto, in case of attack, together with a fine silk black mask, were found in his room.

Lieutenant Von Metz Meyer had advertised for a wife to accompany him to Norway. The police found no less than 3,000 letters from young women in all parts of the country, who indicated their willingness to marry the army officer.

COTTON PLANTERS' APPEAL.

Want to Reduce Six Per cent. "Tare" on Cotton Baled for Market.

Atlanta, July 6.—A resolution asking President Taft, his cabinet and the United States Department of Agriculture to take steps to reduce the six per cent. "tare," on cotton baled for the market was introduced in to the Georgia House of Representatives today by Representatives Kimbrough and Johnson. The six per cent. "tar," represents the weight of cask, box, bag, canvas or bands in which the cotton is inclosed, which is deducted from the gross weight. It is pointed out that since the six per cent. rule was adopted the weight of American cotton bales has increased and the weight of canvas, etc., has been decreased. As a result, planters declare, the South loses several million dollars each year.

FIGHT AT COUNTRY DANCE.

Quarrel Over Girl Results in General Combat in Oklahoma.

Muscogee, Okla., July 6.—A quarrel over a girl at a country dance and picnic nine miles south of this city today resulted in a general fight, in which 11 men were stabbed.

It is believed that one of the injured, who is unidentified, will die. The wounds of several are serious.

Washington, July 6.—Lieut Thomas DeWitte Milling, United States Army, today broke a world's record by landing in an aeroplane within five feet of the spot from which he arose, at the army aviation school at College Park, Md. The officer, flying in the face of a 25-mile wind, descended from an altitude of 1,000 feet. His accomplishment eclipsed by one foot the record established by Walter Brookins, at Boston last September.

Farley, Ala., July 6.—While officers were approaching to arrest him on a trivial charge, Roy Morris, a farmer aged 25, today shot his wife seven times, killing her. He then turned the pistol on himself, putting two bullets into his body, dying instantly. The couple had been separated for some time and Morris had called on his wife at her father's home in an effort to effect a reconciliation.

New York, July 6.—Showers tonight brought measurable relief to New York from the hot wave which has taken more than 100 lives and caused hundreds of prostrations during the five days it has hung over this city. The day's maximum of 92.5, however, bettered yesterday's high mark by half a degree.

Seattle, July 6.—Advices received by Seattle banks from their correspondents at Fairbanks, Alaska, say that the season's gold output of the Tanana district will be at least $5,000,000 and may reach $6,000,000, exceeding by $1,500,000 the estimate made two months ago.

FREED FROM HEAT WAVE.

Assuring Advices From Weather Bureau Yesterday—More Deaths.

Washington, July 6.—Thunder showers in the North Atlantic States tonight drove the heat wave from what was practically its last stronghold, and the country generally is freed from the sweltering conditions of the past five days, showers mainly bringing the longed for relief. Boston with 100 degrees held the record for the day jointly with Miles City, Mont., where a sudden rise in temperature manifested itself, but the thunder shower caused an immediate drop of 24 degrees in Boston. Like showers were general throughout New England, New York, Pennsylvania and the Ohio valley. A continuance of showers with moderate temperatures is promised for the same States tomorrow.

Washington continued to broil in a torrid temperature of 98 degrees. The down town thermometer of the Department of Agriculture showed a maximum of 105, and there were two deaths due to the heat.

Worse Storm in Memory.

Rutland, Vt., July 6.—Central Vermont was visited this afternoon by the worst electrical storm within memory. Telephone and telegraph wires are down, completely cutting off communication with the surrounding country.

Troy, N. Y., July 6.—The sweltering heat caused four deaths in Troy and vicinity today.

More Deaths in Philadelphia.

Philadelphia, July 6.—The hot wave which overwhelmed this city during the past four days, continued today with unabated vigor. Sixteen more deaths were reported to the coroner today, making a total of 67 for the heated term. The maximum temperature today was 95, one degree greater than yesterday's highest mark.

Electrical storms are reported throughout the State tonight, accompanied by marked decreases in temperature.

The intense heat was responsible for many deaths in Pennsylvania towns today. At Reading, two men overcome while loading hay are dead; at Shamokin, a girl died from sun stroke and six deaths are reported from Bethlehem.

Sixteen Die in Baltimore.

Baltimore, July 6.—The hot wave struck with increasing force at Baltimore today, and the result was 16 deaths, including that of a heat-crazed woman who swallowed carbolic acid, and over a score of prostrations. The maximum official temperature was 98 degrees.

Since July 1, there have been 30 deaths attributed to the heat.

Excessive Heat at Boston.

Boston, July 6.—Thunder showers in various parts of New England served to relieve for a time, at least, the suffering caused by five days of excessive heat. Today's maximum temperature was 103, half a degree less than that of the Fourth.

The day added largely to the number of deaths and prostrations. Seven deaths from heat occurred in Manchester, N. H.

Wide-spread damage resulted from heavy electrical showers tonight, growing crops being damaged and fruit trees uprooted.

Prostrations Numerous.

Detroit, Mich., July 6.—Although the maximum temperature today was only 88 degrees, prostrations were numerous, owing to the excessive humidity. Fifty ice wagon drivers became exhaustive and were forced to quit work. The total number of deaths due to heat since Sunday is 20, of which five were drownings. Serious prostrations numbered 45.

At 8 o'clock tonight, the mercury had dropped to 70 degrees.

Boston, July 6.—There were 49 deaths and more than 100 prostrations in Boston and its suburbs today, due to the heat.

New York, July 6.—The day's death toll was the heaviest recorded for any 24 hours since the heat wave's advance began. In the metropolitan district there were 44 deaths attributed to the heat. Prostrations were numerous.

SUIT WAS DISMISSED.

C. & O. Railway Allowed to Mortgage Indiana Property.

Indianapolis, Ind., July 5.—The suit of Governor Marshall to enjoin the Chesapeake & Ohio Railroad Company, of Indiana, from realizing on its $40,000,000 mortgage of its Indiana property, the old Chicago, Cincinnati & Louisville road, was dismissed today.

Under an agreement, the mortgage is to be cancelled and the bonds issued thereunder, are to be surrendered. A new mortgage is to be issued to secure a maximum amount of $30,000,000 in bonds, which are to be used solely to pay for the railroad and properties appertaining thereto.

Amsterdam, Netherlands, July 6.—Fighting in the harbor district here between rioters on the one hand and the police and troops on the other in the early hours of today, resulted in many being wounded on both sides. The strikers stoned the police and the troops replied with their rifles. The troops ultimately routed the strikers and later patrolled the streets in strong detachments.

Columbia, S. C., July 6.—John "Rabbit" Burke, centerfielder of the Columbia South Atlantic League team, broke the world's record today, it is claimed, for bunt-and-run-to first, three times getting to the bag in three seconds flat, according to two stop watches. The world's record, made by Thoney, now of Boston, at Cincinnati in 1907, stood at 3 1-5 seconds.

Mobile, Ala., July 6.—A local option election to determine whether liquor shall be legally sold in this county by private dealers under the regulations passed by the Legislature, is on here today. The weather has been very bad all the early part of the day, and a light vote is expected.

London, July 6.—England is also experiencing a heat wave, which, however, according to meteorologists, has no connection with that in America. The temperature in London today was 83 in the shade—the hottest for two years.

New York, July 5.—Dr. Edmund L. Cocks, considered one of the leading authorities in the United States on dermatology, who was overcome by heat last Friday while conducting a clinic at Harlem Hospital, died today. He was 66 years old.

HOT-WEATHER CONSTIPATION

People should be very careful at this time of the year not to become constipated, and if they do become constipated to attend to it promptly. Many people have a special tendency to constipation in hot weather, owing to the sudden change in food and to the fact that the natural moisture of the body that in winter remains within and helps to digest the food, leaves the system in the summer in the form of perspiration. Constipation should be immediately relieved. The best way to do this is not, as some suppose, by eating themselves sick with fruit and making the matter worse, nor by taking salts and laxative waters, which, as all who have tried them know, give but temporary relief; but, on the contrary, you should use a tried-and-true remedy like Dr. Caldwell's Syrup Pepsin, which acts quickly but mildly and which relieves permanently so that a steady and lasting cure results. A bottle can be bought of any druggist, in sizes of 50 cents and $1.00. Those who have not yet tried Dr. Caldwell's Syrup Pepsin, and would like to make a test of it, can do so FREE OF CHARGE by sending their address for a SAMPLE BOTTLE to

USE DR. CALDWELL'S SYRUP PEPSIN

DR. W. B. CALDWELL, 400 Caldwell Bldg., Monticello, Ill.

KERSEY'S LIPS SEALED.

Man Stabbed by Woman Refuses to Tell Her Name—Tragedy.

Norfolk, Va., July 5.—Charles Harvey Kersey, of Alexandria, who was yesterday stabbed in the neck with a fork in the hands of a woman in a camp at the Grand View Hotel, was today hurried away from the Dixie Hospital at Hampton by friends. It is said he is well on the road to recovery. The woman in the case, who escaped in a motorboat after the stabbing, had not been located up to a late hour tonight.

The police made strenuous efforts to overhaul the woman, but found no trace of her after following the course she and her companion is supposed to have taken.

Kersey refused to discusse the case, and declined absolutely to divulge the name of the woman who did the stabbing. He denied slapping her, and said the whole affair had been made to appear more serious than it really is. It developed today that Kersey is a traveling salesman for a large New York house, although his home is in Alexandria. He is a single man.

In the neighborhood of Grand View Hotel, the people say that one of the women was known as "Mrs. Kersey", and another in the camp was known as "Mrs. Branders."

It was learned today that the woman who stabbed Kersey went into hysterics after the cutting, and that Dr. George W. McAllister, who first attended the man, had to give her medical attention. She is described as being a small woman, with dark hair and rather prepossessing appearance.

Morgan R. Mills, of Richmond, was at the place when the stabbing took place, and he assisted in seeing that the wounded man was held pending the arrival of a physician. Mr. Mills had been at the beach during most of the time that the campers were there.

According to Deputy Sheriff Charles C. Curtis, the campers covered up their tracks so well before departing from Grand View that they "never left a tin can on the premises."

N. & W. MEN VOTING ON STRIKE.

Labor Leader Says Railroad Ebployes Favor Walkout.

Roanoke, Va., July 5.—While none of the officers of the Norfolk & Western knew anything of the voting among its employes as to a strike for higher wages, a prominent labor leader here announced today that the vote was being taken over the entire system and that the sentiment was overwhelmingly in favor of a strike. Recently the labor leaders and officials held conferences here and the terms offered by the company were submitted to the men. The terms provide for an increase in wages when the gross earnings of the road reach a certain amount. The earnings for June fell many thousands short of the amount, and it is believed that the monthly statement just issued was the signal for the vote to be taken by the men. Every man employed on the system outside of office men, conductors, engineers and telegraphers are in the federation.

FOR THE ALDRICH PLAN.

Congressman Vreeland Favors Central Bank System.

Sandusky, O., July 6.—Declaring that the Aldrich central bank plan if adopted by Congress, will prevent all panics and blaming the present banking system and the bankers themselves for the great financial upheavals of the past, Congressman E. B. Vreeland, of New York, a member of the National Monetary Commission, delivered an address before the Ohio Bankers' Association at Cedar Point, today.

Mr. Vreeland said a central banking system would benefit the business interests of the country and not the stock exchanges. He charged the bankers with being more responsible for panic than any other class of people. When a scare comes, he said, they draw out their own money and refuse to make loans.

WHISKEY AND BEER SALES.

Report Shows Big Increase Over Previous Year.

New York, July 6.—No less than 63,000,000 barrels of beer were sold in the United States during the 12 months ending June 30th, last, or an increase over the previous 12 months of 6.21 per cent., according to the annual report of the beer and whiskey sales made public here today by the United States Brewers' Association. Notwithstanding the increase which the report contends indicates that the country is prosperous, the spread of prohibition has affected the trade considerably, it is declared.

The whiskey bill of the United States for the year, according to the report, is $146,973,000, an increase of nearly $8,000,000, or 5.66 per cent. over the preceding 12 months.

GIRL CHANGED HER MIND.

Jilted Lover Loses Suit for $10,000 Damages.

New York, July 5.—The right of a woman to change her mind was upheld by the Appellate Division of the Supreme Court in the suit brought by Jacob Gross against Miss Helen Hochstein for $10,000 damages. He charged that she refused to marry him after having promised to become his bride.

In her answer Miss Hochstein admitted she had promised to marry Mr. Gross. She said she changed her mind after she learned that his representation that he received a salary of $25 a week and 10 per cent. of the profits of the firm of Sol Gross & Co., a clothing manufacturing concern, were false.

Don't miss the races at Highwood Park this afternoon at 3 o'clock. **

"NEW COUNTY" MOVEMENT.

Auspiciously Launched At Big Rally on the Fourth.

(Special Star Correspondence.)

Rowland, N. C., July 5.—A crowd variously estimated at from 2,000 to 2,500 attended the Fourth of July picnic and New County Rally at Alfordsville yesterday, and the historic old spot, the scene of many festivities in by-gone days, never witnessed a larger or more enthusiastic crowd. Many people coming from the northern parts of Robeson on the "Palmetto Limited" were met at the station by the leading citizens of Rowland and carried to the assembling grounds in automobiles. The northbound train also brought its quota to swell the throng.

It was an ideal place for such an occasion, the grove of noble oaks and elms furnishing shade for the assembled multitude. Seats had been arranged around the speaker's stand, while a little to the rear stood the long rows of tables. The Parkton band furnished music, playing many stirring, patriotic songs while the crowd assembled.

At 10 o'clock the assembly was called to order and the speaker of the day, Prof. H. E. Stacy, principal of the Rowland High School, and winner of the Mangum medal for oratory at the University in 1910, was introduced. Mr. Stacy made a stirring address, punctuated at frequent intervals by the spontaneous applause that burst from those nearest the stand and spread as a great wave to the outermost edges of the gathering. Following Prof. Stacy's address Mr. P. B. Sellers, of Dillon, S. C., followed with an address giving some sound advice concerning the way the fight should be conducted.

Then followed the dinner, and it was one that would please the most fastidious. There was about 100 yards of the table and every inch lined and loaded with everything to eat.

In the business meeting which followed the dinner, the following "New County" officers were elected: Dr. W. E. Evand, chairman; Dr. J. L. McMillan, vice chairman; Mr. A. C. Johnson, secretary. The chairman was authorized to appoint a committee to draw the boundary lines and also a committee on finance. One from each township on each committee is proposed.

The afternoon was devoted to pleasure, some going on short "joy-rides" while others strolled over the beautiful grounds. The crowd began to disperse about 5 o'clock and the automobile owners did the handsome by taking all those who came in on the train back to Rowland in their machines. This auspicious beginning promises success to the "New County" movement.

DIES TRYING TO SAVE DOG.

Grant Clark Hit by Train While Attempting to Release Animal.

Danville, Va., July 5.—Grand Clark, whose home was in North Danville, was struck by a Southern Railway train here this afternoon, and died an hour later at the hospital from fracture of the skull.

Spectators say that Clark had cleared the crossing, but went back to the track in a vain effort to save his dog, and lost his own life.
